

Receiving Praise from US President Trump, the Head of Kufr, is a Shame and a Disgrace!

News:

American President Trump stated that President Erdoğan is making great efforts for an agreement in Gaza; "He is a wonderful person. A very strong leader. Hamas has great respect for him."

Comment:

Right after Trump, the spearhead of kufr, announced the twenty-point ceasefire agreement to the public, indicating that all Arab and Muslim countries support the agreement and that the world shows a will in this direction, President Erdoğan said that this agreement is an important step towards achieving lasting peace. Likewise, Erdoğan, who sent the National Intelligence Organization (MIT) Director İbrahim Kalın to Qatar to convince Hamas, stated in his message shared on his X account after Hamas' positive response that Hamas' response to the plan for the establishment of a ceasefire in Gaza is a constructive and important step in achieving lasting peace. He continued by emphasizing that what needs to be done now is to immediately stop all attacks by the Jewish entity and comply with the ceasefire plan, to take all steps without delay to deliver humanitarian aid to Gaza and to ensure lasting peace, and to put an end to this genocide and this shameful picture, which deeply hurts the global conscience.

President Erdoğan also promised to use all means to fight for the implementation of the "Two-State Solution" plan, which is of American origin and envisages a symbolic Palestinian state in the small portion of territory that remains after 80 percent has been occupied.

These statements of Erdoğan are a clear proof that he revolves around America's political orbit, serves its interests, and betrays the Palestinian cause and Hamas. All of Erdoğan's efforts are to please and satisfy America, which he has adopted as a qibla. Thanks to such rulers acting with America and the West, the occupying Jewish entity has been continuing its occupation and massacres since 1948. It destroyed everything in its path, living or non-living. So, to speak, he left not a single stone upon another, nor a head on a shoulder. These rulers are just watching this barbarism and savagery. So, can these rulers—who remain silent and watch, who turn the Ummah's glory and honor into a mere bargaining chip in diplomacy, and who act as a protective shield for the Jewish entity—stop this occupation and oppression?

The Jewish entity does not stop because it does not see any power that can stop it, so it continues its occupation and massacres. The division of Muslim lands, the passivity of the armies with all technologically advanced weapons, the cowardice and helplessness of the rulers are the biggest basis of this occupation. That is why the Jewish entity knows this very well: Until Muslims unite and gather under a single

political authority, it will be free to act as it wishes so it can kill and massacre, and that's why this vile entity doesn't stop.

In the same way, today, while each part of the Ummah is chasing a different leader, the enemy is acting around a single plan. The Jewish entity attacks, massacres, kills, subjects to genocide, but the Ummah has no leader! America and colonialist Western states are occupying the lands of the Ummah, plundering and exploiting their wealth and riches, the Ummah has no army! The oppressors are shedding blood, there is no strong, political leader to hold them accountable!

However, it is a shame and a disgrace that Erdoğan, who left the Muslims of Gaza alone and helpless, ignored the legitimate demands of the Ummah, but immediately fulfilled the demands of America, and did not take any concrete steps to end the oppression and occupation in Gaza, received words of praise from kafir Trump, of whom he is a servant. However, such rulers consider disgrace as reputation, glory and honor. As a matter of fact, US Secretary of State Marco Rubio recently said, "All other countries, including Türkiye, almost beg us to be involved in these affairs. These people can say what they want, but at the end of the day, they come to the White House when they want something taken care of. They all want to talk to Trump to have him solve the problem. The truth is that even today we have meetings going on and the leaders are practically begging to be a part of these meetings. They are calling, saying, 'Include us too, just give us five minutes to shake hands'". **الَّذِينَ يَتَّخِذُونَ**

“Who choose disbelievers as allies instead of the believers. Do they seek honour and power through that company? Surely all honour and power belongs to Allah.” [Surah An-Nisa:139]

Whether it be President Erdoğan or the other rulers of the Muslim Ummah, they are used to being constantly humiliated by these kuffar. This state has become a character in them. These rulers have sunk to ever greater depths. For them, there is no longer any limit.

Therefore, it is time for the Ummah to get rid of such hypocritical rulers.

It is time for the Khilafah (Caliphate) to be established, where the Ummah will regain glory and honor.
