

Rulers of Harm Intoxicated by a Single Raisin

News:

Arab reactions continue to welcome the UN Security Council to halt Jewish settlement construction in the occupied Palestinian territories, following a major vote of the members of the council on Friday on this decision, with the United States on the use of the right of (veto). A spokesman for the Palestinian presidency has said (Nabil Abu Radina) told AFP: "The Security's Council decision is a big slap in the face of Israeli policy, and the condemnation of the entire international consensus to settle, and strongly support the two-state solution," and the Palestinian Chief Negotiator saw (Saeb Erekat) that the day of voting on the decision is the day of triumph. The Islamic Resistance Movement (Hamas) also expressed for the decision of rejecting the settlement, in that period of time the Islamic Jihad movement saw in the decision a clear condemnation of the policies of occupation and a victory for the Palestinian people. Saudi Arabia also welcomed the adoption of the security's council decision. Permanent Delegation of the Kingdom said to the United Nations through his account on Twitter that its implementation would be a step towards achieving the Arab peace initiative. For his part, Qatari foreign minister (Sheikh Mohammed bin Abdulrahman Al Thani) welcomed the UN Resolution, described Jordan's decision as a historic decision, and it is a positive step towards a two-state solution which is a higher Jordanian interest (according to a statement in this regard). In Kuwait, he described president of the National Assembly, "parliament" (Marzouq Al-Ghanim) the decision as "a step in the right direction." (Al Jazeera.net)

Comment:

The decision came from the international community after turning our backs to the people of Syria in general and the people of Aleppo, especially, after collusion with the butcher of Sham al-Assad and his allies of Russians and Persians criminals and all mercenaries on earth to kill the people of Syria, at the thought of it that this decision will show the world that he is a person of principles, and that he helps to beat these issues even if those issues are in favor of Muslims and against the tool of the corrupt Jewish entity! But these participants have forgotten in this unjust society that people become convinced – have reached the extent of conviction- that not all Security Council resolutions are applicable, decisions that apply are those which agree with the interests of the members of this major forum of colonial powers (namely the five permanent members), or else they are decisions which aren't applicable, and are not worth the ink written in and the biggest testament to the latter:

The resolutions issued by the Security Council itself on the issue of Palestine, which one of them is not implemented from any of the decisions, the Jewish entity did not oblige or force them out, as do the colonial powers in the decisions which interest them. We were not denouncing the Jewish state of acceleration in the words of Prime

Minister denying this decision and rejected the application, rather accusing the US administration of President Obama collusion would not use the right of veto.

After the Arab and Muslim rulers of Palestine by the Palestine Liberation Organization, which made it the 'sole and legitimate representative' to the issue of Palestine, and the Organization signed of the ominous Oslo Accords, the organization which recognized the name of all Arab countries by the state of the Jews, and rampaged toward normalization with the Jewish state without any charge, Arab and Muslim rulers found in this decision a victory for them! They were truly like someone who is drunk from a single raisin, what lowly traitors! We can not fail here, said the Egyptian government's refusal to provide this project to the Security Council, in a move that confirms the keenness of the regime in Egypt to the Jewish entity more than the sponsorship of America itself!

This decision came after it was filled with the West Bank settlements, having secured the Jewish entity more than 78% of the blessed pure land, which has been occupied since 1948 as well as Jerusalem, where no one can argue it. And these settlements they are talking about is the remainder of the Blessed Land, in a small spot to hope that the Arab countries, including the PLO to establish a Palestinian state on them, and these spots have become the settlements and in them are more Arab towns! So after this farce, does the international community and those from the states of harm in the Islamic world think that they are fooling the best nation, the nation that only accepts full right to the Blessed Land, with its seas and rivers, with the achievement of fulfilling the glad tidings of the Messenger of Allah (saaw) in it, which appeared in the hadith saying:

«تُقَاتِلُونَ الْيَهُودَ حَتَّى يَخْتَبِئَ أَحَدُهُمْ وَرَاءَ الْحَجَرِ فَيَقُولُ: يَا عَبْدَ اللَّهِ الْمُسْلِمِ هَذَا يَهُودِيٌّ وَرَأَيْتِي فَأَقْتُلُهُ»

“The Last Hour will not come until the Muslims fight against the Jews and the Muslims kill them to the extent that the Jews will hide behind a rock or a tree and the rock or the tree will say: O' Muslim, the servant of Allah, there is a Jew behind me; come and kill him.” (Related by Bukhari, Muslim and Tirmidhi)
