

An Open Letter from Hizb ut Tahrir Wilayah Turkey to the British and American Embassies

"Immediately Leave Our Soils that You have Terrorised through Nourishing Yourselves with Blood, Chaos and Massacres!"

We are writing this letter to emphasize the feelings and thoughts of the Turkish people and all the Muslims. This letter is addressed to the American Ambassador John Bass and through him to the US President Barack Obama and other American leaders, to the British Ambassador Richard Moore and through him to the Royal Family, Prime Minister David Cameron and to other British leaders.

O Ambassadors of the Colonialist Nations! Return to your countries and deliver our words to your rampant leaders!

The Capitalist ideology has dehumanized you. It has managed to make you look at humanity, at life and at the universe with pragmatic eyes. Your eyes are blinded to such an extent that you enslaved the people of Africa. You brought all the wealth from beneath and above the soil to your countries, while sentencing its people to hunger and poverty. The more your economy grew, the more your humanity diminished. The more your humanity diminished, the more your tyranny increased, until it covered the whole world. Wherever you touched, you brought corruption. Wherever you set foot, you obliterated.

Not satisfied, you set your eyes on the Muslim lands. You obliterated the world the only power, the Ottoman Khilafah (Caliphate) that could resist your colonialist mentality and your evil plots. Then the whole world and the whole of mankind came under the thumb of your selfish ideology that is built upon colonialism. This Capitalist ideology of yours is the source of all dominating cruelties upon the earth, while at the same time it has corrupted the human being, its creation, whole generations, nature, crops, and much more. It has brought nothing but bloodshed and tyranny to the world.

You have always sought to hide your true face through your lie of democracy, your deception of human rights, and your insincere statements of peace. But your masks slipped a long time ago. We the Muslims are very well aware of your hypocrisy and your true aspirations. For Allah (swt) informs us about you in these verses as follows:

﴿وَإِذَا قِيلَ لَهُمْ لَا تُفْسِدُوا فِي الْأَرْضِ قَالُوا إِنَّمَا نَحْنُ مُصْلِحُونَ * أَلَا إِنَّهُمْ هُمُ الْمُفْسِدُونَ وَلَكِن لَّا يَشْعُرُونَ﴾

"And when it is said to them, "Do not cause corruption on the earth," they say, "We are but reformers." Unquestionably, it is they who are the corrupters, but they perceive [it] not." [Al-Baqarah 11-12]

O Ambassadors of the Colonialist Nations! Return to your countries and deliver our words to your rampant leaders!

You, as the United States of America and the United Kingdom, are the instigators and ringleaders of the wars and the terrorism that is taking place inside and outside of Turkey. It is you who, especially after the Cold War period, have adopted this barbaric method and who are still making use of it for your selfish interests. And it is you who in particular have terrorized the Muslim lands for years, by nourishing yourselves with blood, chaos and massacres.

We will certainly never forget what you have done! Therefore, do not be mistaken by the alliance and friendship of the leaders of Turkey and other countries. Neither the Turkish people nor the people of the other Muslim countries regard you as being friends or allies. And they will never do so due to your greedy politics! For meanwhile everyone knows that you are two countries who know no limits to your arrogance and impudence, that you exploit our wealth through benefitting from terror, that you ignited the fire and fan the flames of mischief among the Muslim people, that you literally view mankind as slaves, and that you are diabolic states.

O Ambassadors of the Colonialist Nations! Return to your countries and deliver our words to your rampant leaders!

We know this very well; it was you who abolished the Ottoman Khilafah (Caliphate) and replaced it with the secular Turkish Republic together with your resident co-conspirators. It was you who provided full support to the tyranny of these governments against its people. And it is also you who directly or indirectly founded the PKK in order to distract the Muslim Kurds, who love their Muslim brothers and who were loyal citizens of the Ottoman State, from Islam through the hands of the PKK. It is also you who instigate disorder, and conduct massacres, that shed blood and blast bombs for the purposes of your political and economic interests in Turkey. You are also the true culprits behind all the occurring massacres, the migrations, the burnt off villages, the attacks on guardhouses; the assimilation, the cities turned into villages, acid wells, death fields, the murders by unknown assailants, the slaughter of tens of thousands of young men, hundreds of billions of dollars in security expenses, and the uricide in Turkey.

That is why you are terrorist states that feed and support terror. Your fingerprints are on the bombs that blasted in Suruç, Ankara and Istanbul. You are the masterminds working behind the scenes with those subcontractors whose existence depends on terrorist attacks such as these. You are the possessors of the two-faced politics that utilize terror according to your benefits, support it for your interest, and then make it appear as if you are fighting against it.

We have not forgotten what you have done in your collective invasion of Iraq and Afghanistan under the pretext of 9/11. We also have not forgotten how you have associated your Western allies to in your military operations through using either UN or NATO interventions. We also have not forgotten that you regarded these invasions as "Crusades" and that you labeled Muslims "terrorists". This Crusader Coalition led by the US and Britain, has not even shown respect to the dead bodies of the Muslims, let alone our living. By literally spewing their amassed hatred, they have insulted our dead. They attacked our sacred and trampled on them! But despite the collaborating governments who seek glory by your side, who have betrayed Islam and the Muslims, you were not able to get a grip on these lands. You have not gained anything but the hatred and enmity of the Muslims. The Muslims have never loved you and never will! The Muslims have never been pleased with you and never will be!

We also know that despite your venomous cooperation in all these atrocities towards the Muslims, your friendship is built upon benefit and that you become fierce if it is needed. We know very well how you faced off against each other in Tunis, Egypt, Libya, Yemen and Turkey.

We know how the Islamic revolution in Syria robs you of your sleep, and how it overturns your plans. We know that you support the gang that conducts crime after crime in order to blacken the Khilafah's name, and in order to alienate in particular the Muslims of Syria who call for the Khilafah, and in general all Muslims who call for the

Khilafah, and thus harms Islam and the Muslims. We know that while America is providing the PYD with weapons and ammunition in order to prolong Assad's regime and to serve its interests in Syria, Britain is using some groups within the PKK to instigate chaos and terror in Turkey. But all of this will be for nought and inshaAllah you will face what you fear. All of this is in vain, and by the Will of Allah you will not be able to prevent the reestablishment of the Khilafah Rashidah (Caliphate) upon the method of the Prophethood.

O Ambassadors of the Colonialist Nations! Return to your countries and deliver our words to your rampant leaders!

This letter is a warning and notice to you and your leaders from **Hizb ut Tahrir Wilayah Turkey**. Immediately leave our soils, which you have terrorised by nourishing yourselves with blood, chaos and massacres! Close your embassies that have turned into terror nests. End your atrocities. For the Islamic countries have suffered enough from your terrorist attacks and the environment of chaos and disorder you created. We do not want you anymore on these soils.

Unfortunately, very unfortunately, the current rulers cannot see the power in themselves to expel you from our soils. For the rulers of the Islamic Ummah have forgotten a long time ago how to please Allah! They are trying to please you! However; we the Muslims only aim at pleasing Allah. So we are not hesitating to state this openly towards you and we are not afraid of you.

Islam has taught us to show mercy upon those who show mercy to us, and to put in line those who have no mercy, in a just way. You have not shown any mercy to the Islamic Ummah and are still acting mercilessly. Also, leaving these ancient Islamic lands does not mean to wipe out the bill for the atrocities you have committed until today. For the Khilafah (Caliphate) Rashidah that will be established by the Will of Allah will call you justly to account for your deeds. However, Allah's (swt) judgement will be fiercer, and our Lord only defers it a little bit more.

﴿وَلَا تَحْسَبَنَّ اللَّهَ غَافِلًا عَمَّا يَعْمَلُ الظَّالِمُونَ إِنَّمَا يُؤَخِّرُهُمْ لِيَوْمٍ تَشْخَصُ فِيهِ الْأَبْصَارُ﴾

“And definitely do not reckon that Allah is heedless of what the unjust (ones) are doing; surely He only defers them to a Day (when) eyes will glaze over.”
