The Campaign:

﴿وَمَنْ أَظْلَمُ مِمَّن مَّنَعَ مَسَاجِدَ اللَّهِ أَن يُذَكَرَ فِيهَا اسْمُهُ﴾

“And who are more unjust than those who prevent the name of Allah from being mentioned in His mosques” [Al-Baqara: 114]

(Translated)

Hizb ut Tahrir / Wilayah of Jordan began a campaign on Friday, 9/11/2015 CE entitled:

﴿وَمَنْ أَظْلَمُ مِمَّن مَّنَعَ مَسَاجِدَ اللَّهِ أَن يُذَكَرَ فِيهَا اسْمُهُ﴾

“And who are more unjust than those who prevent the name of Allah from being mentioned in His mosques” [Al-Baqara: 114]

And it is to identify and expose the vicious and pernicious role assigned by the regime in Jordan to the Ministry of Awqaf in its government, to regulate the mosques according to the standards, vision and recommendations of the enemies of Islam and Muslims, the Crusaders, the Jews and the tyrant colonists, where the sinful Ministry of Awqaf prevented the honorable and sincere Imams from delivering sermons and transferred some of them to the courts and restricted and threatened others to make them succumb, so that their sermons and lessons are in accordance with the recommendations of the enemies of Islam and Muslims. In which there will be no speeches about jihad, and no speeches about the Jews, and no speeches about the crusader's campaign against Islam and the Muslims, and no sermons or lessons regarding the revival project of the Ummah represented by the Khilafah state on the method of Prophethood, and no speeches on holding the regime accountable. As well as no speeches about the crimes of the crusader's alliance against the Muslims, nor there will be sermons or lessons on tampering with the country and its resources to serve the Jews and the Kaffir colonists, and no speeches and lessons regarding Al-Aqsa and the duty on the armies to liberate it; who are moving in every direction except towards Al-Aqsa. The Ministry of Awqaf through its directors demanded from civil society groups in every mosque in the country to spy on the worshipers and prevent the Dawah carriers who, have the awareness, from delivering speeches, lessons, and under the penalty of perjury. However the mosques in the country were built using the independent money of the Muslims so that they become an endowment for Allah (swt) so that His Name is mentioned in them, and not to stop the call for His Deen and prevent the mobilization of His slaves.

The attack by the Ministry of Awqaf on the mosques, Imams and its people coincides with the brazen fierce attack on Islam and its rulings and its men by the enemies of Islam. The contaminates lingering in the body of the Ummah; whether it is a hateful deputy in the Jordanian parliament or a minister from those of ignorance in the Jordanian Council of Ministers or an insolent decision maker or a lowly writer full of animosity in the daily newspapers or websites or an ignorant activists on social media pages or a satellite channel directed to undermine the morals of Muslims and its destruction ...

So join us in the campaign:

﴿وَمَنْ أَظْلَمُ مِمَّن مَّنَعَ مَسَاجِدَ اللَّهِ أَن يُذَكَرَ فِيهَا اسْمُهُ﴾

“And who are more unjust than those who prevent the name of Allah from being mentioned in His mosques” [Al-Baqara: 114]

We invite you, and Allah grants the success.
