

Press Release

The Ministry of Education Continues its Crime of Spreading Obscenity in Tripoli and its Suburbs!

(Translated)

After the Minister of Education claimed to have disavowed the scandal of promoting immorality in Tripoli's high schools, claiming that associations promoting adultery, sodomy, homosexuality, and other practices had obtained approval from the previous minister, and that the current minister had revoked that approval, we have received confirmed information that the same associations continue to promote immorality and vice in new northern high schools, with the permission of the Ministry of Education. An activist in one of these associations entered a public high school on May 27, 2025 - i.e. after the first incident and its exposure—and presented the administration with the ministry's approval for social guidance classes. Upon entering one of the classes, the teacher confirmed that the same talk that had been presented at Fadl Mokadem High School was being presented again at their school. He informed the administration, which immediately suspended her and prevented her from continuing her corruption. This is something for which the administration should be commended, and something that school principals and teachers should be encouraged to do.

In light of this serious matter, as it affects our honor, values, concepts, and morals, and with these associations' insistence on spreading vice, especially in Muslim areas, and their approval from the Ministry of Education, and even support from some deviant MPs who have stated that they have worked to spread their ideas, particularly in Tripoli!! The war is no longer a battle of terms between the deviant ideas and concepts disseminated by these associations and the collusion of a group of MPs and ministers, and the ideas and concepts that our religion desires for us, which are rooted in sound nature. Rather, it has transformed into a war on the ground, perpetuated by the insistence of corruptors.

Accordingly, we declare a state of alert and the necessity for all components of society to stand up against these corrupt groups that violate the law, which criminalizes the spread of vice as well as its practice.

First, we call on His Eminence the Grand Mufti of Lebanon in general, and His Eminence the Grand Mufti of Tripoli in particular, to confront these sinful campaigns and to instruct Friday preachers to expose these associations and those behind them and to prevent them from entering our schools.

Secondly, we call on community activists, including administrators, teachers, municipalities, and mukhtars, to form a general stance rejecting these deviant associations and to pressure the authorities to dismiss the Minister of Education, whose collusion with these associations has been proven. We also call for the dismissal of the deviant representatives and their rejection of their representation of Muslims. With these ideas, they are enemies of Islamic morality, values, and concepts, and even of the Church!

We, in Hizb ut Tahrir in the Wilayah of Lebanon, announce that we will launch a swift campaign to halt these vile acts, expose those behind them, and even hold them accountable. They have brought us nothing but the filthiest things from the West. We will not allow the corruption of our children to continue, and he who warns is excused. Allah (swt) says: **إِنَّ الَّذِينَ يُحِبُّونَ أَنْ تَشِيعَ الْفَاحِشَةُ فِي الَّذِينَ آمَنُوا لَهُمْ عَذَابٌ أَلِيمٌ فِي الدُّنْيَا وَالْآخِرَةِ وَاللَّهُ يَعْلَمُ وَأَنْتُمْ لَا تَعْلَمُونَ ﴿١٠٧﴾** **“Indeed, those who love to see indecency spread among the believers will suffer a painful punishment in this life and the Hereafter. Allah knows and you do not know.” [An-Nur 24:19].**
