The Conspiracy Summit in Cairo is an Extension of the Betrayal Summits in Riyadh

(Translated)

Amid threats from the leaders and criminals of the Jewish entity to resume killing, war, and genocide, a gathering of the submissive takes place in Cairo to conspire against the people of Palestine. They have named it the "Palestine Summit," claiming to present an alternative plan to Trump's deal and to reject displacement, as if these servile followers were making history, when in reality, they are merely puppets assigned by America to manage the aftermath of its crimes.

The same submissive group who previously convened at two summits of disappointment while Gaza was drowning in its own blood, starving to death, with the remains of its children scattered everywhere and their cries shaking the land, are now gathering again in this conspiracy summit. They claim to propose a reconstruction plan and prevent displacement under the pretense of caring for the people of Palestine, yet they cannot even deliver a loaf of bread or a sip of water without the permission of the Jews. In reality, they participated in the blockade of Gaza, supplied its enemy with its needs, and threw it a lifeline.

This is indeed a conspiracy summit, as the proposed plan grants that arrogant criminal Trump decision-making authority and reaffirms his role as a reference in all matters concerning the blessed land and the fate of its people. By presenting a "bad" alternative to the "worse" scenario of displacement, they advance America's policies and Trump's objectives through their regional agents, disguising them under the pretense of reconstruction and preventing forced migration. The plan also seeks to accomplish what the entity itself has failed to achieve, with some of its proposals mirroring Netanyahu's initial war objectives, such as involving Arab forces in securing Gaza.

This humiliated group has placed the security of the Jewish entity at the core of their proposal, making everything else mere details. Their suggestion to deploy international forces under the guise of "peacekeeping" only adds another layer of occupation to the existing one. They also propose training and preparing forces under their supervision to eventually hand Gaza over to the security coordination authorities in the Palestinian Authority, those most committed to ensuring the security of the Jewish entity and most competent in serving it.

At the same time, they portray the Palestinian people, their mujahideen (fighters), and their weapons as the root of the problem. They label their jihad in the path of

Allah as terrorism and act on behalf of the Jews by disarming them, dismantling their resistance, and forcing them into surrender, whether willingly or through coercion. All of this is cloaked under the pretense of reconstruction and the worn-out rhetoric of the two-state solution. But will reconstruction take place under the rule of the corrupt and those who have incurred divine wrath? Can those be trusted when they break their pledges every day? And is there even a place left for the so-called two-state solution, which was already a betrayal and surrender, given the entity's relentless expansion, annexation, and settlement-building? Have those chasing after it not been slapped in the face enough by the entity's outright rejection?

O Muslims: These conspiring rulers are no longer worthy of being addressed or appealed to. They have long chosen the enemy's side. But the question and message to you: How long will you remain silent about their betrayal and conspiracies?! How long will you allow your brothers in the Blessed Land to suffer under the schemes of traitors and the assaults of enemies?! Are the mujahideen from the people of Palestine, whom these treacherous regimes seek to eliminate, truly the problem?! Is our real enemy not the criminal entity that sheds blood and spreads corruption on earth?! Is it not the one most deserving of being fought and eradicated?!

The steadfast people of Palestine, whose resilience remains unbroken and whose cause refuses to be buried, will, by Allah's will, remain a thorn in the throats of these disgraceful rulers and their masters. They stand firm at the Ummah's frontier, guarding Al-Aqsa, the Prophet's (saw) Masra (place of ascension), and the Blessed Land, until the Ummah, along with its armies and forces, rises to liberate them. This will come after it has first removed the treacherous agent rulers standing in its way.

﴿وَإِنْ تَصْبِرُوا وَتَتَّقُوا لَا يَضُرُّكُمْ كَيْدُهُمْ شَيْئاً إِنَّ اللَّهَ بِمَا يَعْمَلُونَ مُحِيطٌ﴾

“And if you are patient and fear Allah, their plot will not harm you at all. Indeed, Allah is encompassing of what they do.” [Surat Aal-i-Imran:120]
