The Geneva Mountain Has Labored and Brought Forth a Dead Mouse!!

(Translated)

Yesterday, Friday, August 23, 2024, the Geneva gathering, which began on August 14 to discuss the Sudanese crisis, concluded with the formation of the "United International Coalition" to end the war in Sudan. According to the U.S. Special Envoy to Sudan, Tom Prillo, the coalition includes, in addition to the United States, the United Nations, the African Union, IGAD, as well as Switzerland, Saudi Arabia, the UAE, and Egypt. However, despite the length of the Geneva discussions, the outcome holds no real value in stopping the ongoing senseless war in Sudan.

In the same context, Agence France-Presse reported that the army and the Rapid Support Forces (RSF) agreed to provide two safe corridors for humanitarian aid. The mediating countries also confirmed that they obtained guarantees from both sides of the conflict to ensure the safety of the corridors, namely the Adré crossing in the Darfur region and the Dabba road in northern Sudan.

The United States is not serious about ending the war before achieving its agendas in Sudan. Therefore, it seeks to prolong the war to confine the conflict between its two parties, the military leadership and the RSF leadership, thus controlling the outcome of the conflict, as is currently the case. Consequently, the opposition loyal to Britain and Europe remains paralyzed, as it has been since the conflict erupted. Moreover, the U.S. aims to eliminate the rebel movements, or so-called armed struggle movements affiliated with Britain. Thus, the fall of El Fasher, the capital of North Darfur and the center of the regional government led by Minawi, was inevitable. This necessitates its capture by the RSF so that all of Darfur falls under the RSF's control, leading to the destruction of British-affiliated movements that are now fiercely defending El Fasher, knowing that its fall marks their end. The U.S. will not stop the war until Darfur is in the hands of the RSF, allowing it, if American interests later demand, to separate Darfur through its RSF clients.

It has been clear since the announcement of the Geneva platform that the U.S. does not want to end the war in Sudan. This was confirmed by the statement of the UN envoy, Ramtane Lamamra, during the Security Council meeting on July 29, 2024, regarding the Geneva meeting that the U.S. called for on August 14, 2024, describing the Geneva discussions as an encouraging first step in a longer and more complex process. With this, he declared that the Geneva meeting would not reach a solution but was merely chatter on the banks of the Rhône in Geneva! Reality now confirms that the U.S. did not intend for Geneva to solve the Sudanese conflict, and so the Geneva talks ended with the outcome: The Geneva mountain has labored and brought forth a dead mouse!

The sincere individuals within the army and the people must move to thwart the conspiracies of the colonialist countries, America and Britain, in our land, get rid of the traitorous agents, and give support to Hizb ut Tahrir to establish the second Khilafah Rashidah (rightly guided Caliphate) on the method of the Prophethood, which will cut off the hands of the colonialist disbelievers, restore the Ummah's dignity, strength, and excellence, and be as Allah Almighty intended it to be: the best Ummah brought forth for humankind.

Allah (swt) said: **﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ وَعَلَّمُوا أَنَّ اللَّهَ يَحُولُ بَيْنَ الْمَرْءِ وَقَلْبِهِ وَأَنَّهُ ﴿٢٤﴾ إِلَيْهِ تُحْشَرُونَ﴾** "O you who have believed, respond to Allah and to the Messenger when he calls you to that which gives you life. And know that Allah intervenes between a man and his heart and that to Him you will be gathered." [Surat Al-Anfal:24].
