The Jewish Army Bombs and Destroys, Storms and Penetrates without Accountability or Oversight

(Translated)

The spokesman for the army of the Jewish entity, Avichay Adraee, said that the occupation army carried out a wide military operation at dawn on Thursday in the area of Tseel, southern Syria, during which it announced the confiscation of weapons and the destruction of what it described as “terrorist” infrastructure, in a new military escalation that warns of a dangerous shift in the Syrian field. Adraee added in an official statement: “During the night hours, forces from the 474th Brigade (Golan) carried out an operation in the area of Tseel, southern Syria, where they confiscated combat means and destroyed infrastructure belonging to terrorist organizations.” He added that “armed elements opened fire on our forces during the execution of the operation, and they were responded to with ground and aerial targeting, which led to the killing of a number of the militants.”

Since the criminal Bashar fled, the Jewish entity has been monitoring and bombing, and its aircraft monitoring and destroying, for one single purpose: to eliminate what remains of the army's capability in Syria. The entity to this moment has not received any response to its actions, so you see it roaming freely across the length and breadth of the country, and its aircraft flying everywhere and destroying as it pleases without any accountability. It strives with all its capabilities to prevent a danger that may befall it in the future—which will not be far at all. It also strives to regain prestige lost in Gaza Hashim, so you see its crimes fall everywhere—all of this to recover a prestige that will not return.

O People of ash-Sham: Let it be known to you that the conflict with the Jews is an eternal conflict, and that pursuing negotiations with them through political means is fantasy. For they wearied the prophets of Allah before, violated Allah's rights, and betrayed covenants and treaties—so let this be the principle upon which we deal with them and respond to their actions.

O People of ash-Sham in general, and People of Daraa in particular: You have proven over the past years your ability to confront your enemies, from the criminal Bashar regime to others. You have also proven that if you are resolved, you will reach your goal—provided that your work is based upon reliance on your Lord, Subhanahu. So rely on Allah in your fighting against the Jews, for by Allah, they are the most cowardly of Allah's creation and the most eager for life. How could they not be, when Allah Almighty said about them: لَا يُقَاتِلُونَكُمْ جَمِيعًا إِلَّا فِي قَرْيٍ مُّحَصَّنَةٍ أَوْ مِن وَرَاءِ جُدُرٍ ﴿١٥٧﴾

﴿بَأْسُهُمْ بَيْنَهُمْ شَدِيدٌ تَحْسَبُهُمْ جَمِيعًا وَقُلُوبُهُمْ شَتَّى ذَلِكَ بِأَنَّهُمْ قَوْمٌ لَا يَعْقِلُونَ﴾
“They will not fight you all except within fortified cities or from behind walls. Their violence among themselves is severe. You think they are together, but their hearts are diverse. That is because they are a people who do not reason.” [Al-Hashr:14].

O People of ash-Sham in general and People of Hauran in particular: The Jews are a deceitful people. Condemnation statements, denunciations, or appeals do not benefit with them. The international community is a partner of the entity in killing us, and nothing benefits with them except inevitable confrontation and the force of arms.

You, our people in ash-Sham, are truly the people of strength, of confrontation, of meeting, and of martyrdom. Let the language of engagement with them be the language of spears and weapons—nothing else. Let the land of ash-Sham be a graveyard for the sons of the infidels as it once was a graveyard for many who tried to humiliate its people.

True, the difference in material capabilities exists, and the disparity in power is strongly present. But what elevates our step over them is our Aqeedah, which always drives us to sacrifice and giving. What happened yesterday around Nawa, and before that what occurred in the area of Ayn Dhikr, shows us how to confront them. The country is ours, the land is ours, and the base is ours—so let us invest that to make the sons of the infidels taste the bitterness of our might.

O People of ash-Sham: Whoever feels safe from punishment misbehaves—and the Jews have felt safe and misbehaved. Had they been struck and confronted firmly from the beginning of their intervention, they would not have reached the level of arrogance and audacity they are at today. Yet the time is not too late. Dealing with them must change, and they must notice this change. Know that the battle is coming, coming—so let us prepare for it with the best preparation and equip for it with the highest readiness, and prepare for them what breaks their strength, eradicates their roots, and makes them taste our might.

Allah Almighty said: ﴿قَاتِلُوهُمْ يُعَذِّبُهُمُ اللَّهُ بِأَيْدِيكُمْ وَيُخْزِهِمْ وَيَنْصُرْكُمْ عَلَيْهِمْ وَيَشْفِ صُدُورَ قَوْمٍ مُّؤْمِنِينَ﴾
“Fight them; Allah will punish them by your hands and will disgrace them and give you victory over them and satisfy the breasts of a believing people” [At-Tawba:14].
