## **Threatening with Military Intervention in Syria, Which is Increasingly Talked About, is the Epitome of Evil**

**It is to prevent the rule of Islam and to produce an  
alternative agent to rule instead of their agent  
Bashar after his role is exhausted**

Currently the circulating talk of military intervention by America and its allies under the pretext of their opposition to the use of chemical weapons by the regime is escalating. They shroud that under "defending humanism and morality" while they are devoid of this. America, Britain, France, Russia and all Kafir colonial states have for so long trampled all humanitarian and ethical values with their feet in the prisons of Bagram, Guantanamo and Abu Ghraib... Not to mention their flagrant spying! They are infamous for competing in nuclear and biological crimes, weapons of mass destruction and monstrous massacres... Evidence of this is scattered in all corners of the world, from Hiroshima and Nagasaki to the terrible massacres in Iraq and Afghanistan, the Caucasus, Mali and Chechnya...among others.

Moreover these countries, especially America, gave the greenest of green light to Bashar to use chemical weaponry to kill children, women and the elderly. Had it not been for this green light, the tyrant would not have dared to use it in al-Ghouta, but he had already used chemical weapons in Syria before al-Ghouta, and even after al-Ghouta, as today news of toxic gases having been used by the regime in some areas of Syria has been reported. All this took place with the knowledge and approval of America and its allies...

Thus the human and moral motivations in which they shroud their military intervention are purely sick and blatant lies; it is an undeniably invalid argument, as understood by every possessor of insight, vision and a healthy heart.

The reality of this military intervention from America, which leads the evil colonial forces, is to arrange the situation in Syria under the pressure of military intervention in order to find an alternative agent regime to the agent regime of Bashar, who has neared the expiration of his role. This is because they could not market their creations in the National Council and Coalition to the people inside Syria, and could not drive them to voluntarily accept their creations instead of Bashar and his henchmen. The camp of evil feared that the people of Syria will establish the rule of Islam and sever the roots of the Kuffar and the Munafiqun. Hence America and its allies want to prevent this by military intervention in certain places, to then ignite negotiations between the regime and the coalition, leading to an alternative agent regime that does

not differ than Bashar's regime except for less grim faces!

**Oh Muslims, Oh People in Syria, Oh Honest and Sincere in your Work against the Tyrant of ash-Sham:**

The duty is to prevent this military intervention and the fatal creations carried out by all means. The tyrant is about to leave at your hands! Your success has drawn near of the establishment of the rule of Islam in your lands, which will protect your Deen, yourselves, your honor and your wealth...a rightly guided, just rule that will restore truth...a rightly guided Khilafah that will restore to Syria its light and role, for it is the abode of Islam and will return to be so, inshaAllah!

Remain steadfast and patient in the face of oppression and the oppressors, and know that rescuing your land by your own hands, no matter how severe the sacrifices, is khair (good) for you in your Deen and your Dunya than the entry of the colonial Kuffar into your land under the pretext of rescue! It is not a rescue, rather it is certain death!

﴿كَيْفَ وَإِنْ يَظْهَرُوا عَلَيْكُمْ لَا يَرْقُبُوا فِيكُمْ إِلَّا وَا ذِمَّةَ يُرْضُونَكُمْ بِأَفْوَاهِهِمْ وَتَأْبَىٰ قُلُوبُهُمْ وَأَكْثَرُهُمْ فَاسِقُونَ﴾

**“How (can it be)! while if they prevail against you, they would not pay regard in your case to ties of relationship, nor those of covenant; they please you with their mouths while their hearts do not consent; and most of them are transgressors.”** [At Tauba 9:8]

**O Muslims, O Brethren in Syria, O those who are honest and sincere in their work against the tyrant of al-Sham:**

The use of Kaffir imperial states to resolve our problems is a grave issue and a malignant evil, and a betrayal of Allah (swt), His Messenger (saw) and the Believers, and by it you dictate on yourselves the wrath of Allah, the strong and great, for Allah (swt) says:

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا لَا تَتَّخِذُوا الْكَافِرِينَ أَوْلِيَاءَ مِنْ دُونِ الْمُؤْمِنِينَ أُرِيدُونَ أَنْ تَجْعَلُوا لِلَّهِ عَلَيْكُمْ سُلْطَانًا مُبِينًا﴾

**“O you who have believed, do not take the disbelievers as allies instead of the believers. Do you wish to give Allah against yourselves a clear case?”**

And the Messenger (saw) says: **“لَا تَسْتَضِيئُوا بِنَارِ الْمُشْرِكِ”** **“Do not seek light from the fire of a Mushrik.”** As narrated by Ahmad on the authority of Anas. And in a narration from al-Bahiqi: **“لَا تَسْتَضِيئُوا بِنَارِ الْمُشْرِكِينَ”** **“Do not seek light from the fire of the Mushrikeen.”**

And likewise it was narrated by al-Bukhari in his Tareekh al-Kabeer quoted, as in do not make the fire of the polytheists a light for you. And fire is a euphemism for war, and the hadith is metaphorically speaking about war next to the polytheists and taking their opinion, so the prohibition of using them is understood from the hadith, as he said: **“فَإِنَّا لَا نَسْتَعِينُ بِمُشْرِكٍ”** **“We do**

**not use the Mushrik.”** Narrated by Ahmad and Abu-Dawood. So using the military intervention of the Kuffaar or even consulting them in the terms of our problems is a great transgression that is not correct and not permissible.

And indeed it is tragedy for the imperialists to pledge and threaten military intervention in Syria, while the rulers in the Islamic lands sit by, watching what is happening and what is going on, as if it is happening from a very far distance, and as if they are blind and deaf and do not hear the distress of the people of Syria, so it is not them who should save them as Allah (swt) said:

﴿وَأِنِ اسْتَنْصَرُوكُمْ فِي الدِّينِ فَعَلَيْكُمُ النَّصْرُ﴾

**“And if they seek help of you for the religion, then you must help.”**

And it is an obligation upon them, if they had any remaining shame, to move their armies that are stationed in their barracks to save their brethren in Syria and rid them of the tyrant of al-Sham. The people of Syria with the help of their brothers in the surrounding Islamic land are able, Allah willing, to eliminate the tyrant and form the rule of Islam in al-Sham, the center of Dar al-Islam, without the imperialist Kuffar intervening to construct a new regime that is no different from the old regime, only with a change in the shade of face, so Syria shall return to the rule of the Taghoot again after the sun of the rule of Islam almost shined in the land of al-Sham once again.

The Imperial Kuffar have never entered a land without corrupting it and demolishing its buildings and vandalizing its foundations, and the images of this still remain and have not been erased, indeed some of them still speak of their crime, and testify to their abusive treatment. Military intervention is a great upheaval and malignant evil, so stand guard against it. Beware of rushing to request their support assuming that they will rescue you, otherwise you will be regretful when regret is of no use.

﴿فَتَرَى الَّذِينَ فِي قُلُوبِهِمْ مَرَضٌ يُسَارِعُونَ فِيهِمْ يَقُولُونَ نَخْشَى أَنْ تُصِيبَنَا دَائِرَةٌ فَعَسَى اللَّهُ أَنْ يَأْتِيَ بِالْفَتْحِ أَوْ أَمْرٍ مِنْ عِنْدِهِ فَيُصْبِحُوا عَلَى مَا أَسْرُوا فِي أَنْفُسِهِمْ نَادِمِينَ﴾

﴿إِنَّ فِي هَذَا لَبَلَاغًا لِقَوْمٍ عَابِدِينَ﴾

**“So you see those in whose hearts is disease hastening into [association with] them, saying, “We are afraid a misfortune may strike us.” But perhaps Allah will bring conquest or a decision from Him, and they will become, over what they have been concealing within themselves, regretful.”**

**“Indeed, in this [Qur'an] is notification for a worshipping people.” □**

**Obama Condemns the Violence in the Land of  
Egypt While He is the One Fueling it Through  
Massacres and Bloodshed  
America Manipulates Matters in Egypt from an  
Ousted President, to an Isolated President over to  
an Emaciated President!**

Yesterday 08/15/2013, Obama commented on the bloody massacres that occurred during the dissolving of the two sit-ins Rabea al-Adweya and An-Nahda saying that he strongly condemns these tragic events, and that he denounces violence against civilians ... He then added that this position was based on American interest, and that Egypt is "a cornerstone of peace in the Middle East"...

Obama is deceiving himself before deceiving others, because the peace he refers to equates the surrender to the Jewish entity and the sale of al-Aqsa and what surrounds it, and the confirmation of the Camp David Treaty... His condemnation of violence against civilians is a blatant lie! Are these regimes in Egypt exercising this violence thought to be beyond American influence? Is not all of it happening through America's support and with its greenest of green lights?! Is there any rational, conscious person that does not realize that American arms have been stretching out to the center of politics, military and economics in Egypt for decades? Are American delegations, strolling in and out of the country especially when there is any change in the system, come for tourism or excursions? It was those delegations that accelerated with each new regime in Egypt, and they were always the people of influence! From the Ministry of Defense and the Ministry of State over to the Congress ... After the ousting of Mubarak and reception of ruling by the Military Council, those delegations came in streams since the early days, this went on after the ascension of Morsi into power, and the matter remained the same after Morsi was impeached and Abdel Fattah al-Sisi ascended into rule...

America carries on these painful episodes in the land of Egypt from behind the existing and the previous system... It does not in the least matter to America who serves its interests in achieving this, whether named Husni, Morsi or Sisi... They will toss him aside if he does not fulfill America's interests and restrain stability as a base of its influence, and this matter is clear to all eyewitnesses! Sorrow fills the hearts as that Egypt which overcame the Crusaders and Tatars and almost incapacitated the Jewish entity - were it not for the betrayal of the Egyptian regime - is serving as a hotbed for American intervention mornings and evenings!

**Oh Muslims in the Land of Egypt:** Your enemies, led by America and its allies and their followers, have succeeded in portraying the issue as if it were between Islam and Kufr, although all of you are Muslim ... They have also succeeded in portraying the issue as if it were between the Islamic State and a secular state, whilst none of these rulers, neither the former nor the subsequent, have applied Islam and ruled by it ... Finally they have succeeded in dividing you into two sects, each of who barricades behind a thick and solid wall of hostility against the other, even though for centuries you have lived as loving brothers. Islam safeguards your rights, without distinction between red and black, nor between man and woman, nor between Muslim and non-Muslim. When the Messenger of Allah (saw) advised the Muslims in Egypt in goodness he (saw) simultaneously advised them in mercy for the Copts...

**O Muslims in the Land of Egypt:** This matter will only be resolved with what it was resolved initially: A rightly guided Khilafah that unites you on the truth, and a rightly guided Khaleefah that leads you to fight your enemy. A strong God-fearing Khaleefah that leads you towards the abolition of the Jewish entity and the restoration of Palestine - all of Palestine - into the lands of Islam. A Khaleefah that breaks America's back and that of its allies and followers, so that neither Obama nor Europe's dare to stretch out their arms, not even their fingers, towards the slightest bit from the land of Egypt, lest they be amputated... Only then will Egypt return to greatness with its Islam, strong with its sons, rich in wealth, throwing the poisoned aids down America's throat. Then it will return to its initial state of being a solid Islamic fortress, recruiting its soldiers for jihad and the opening of lands for Islam, spreading goodness in all four directions of the earth, as this is not mighty over Allah.

**Oh Muslims in the Land of Egypt:** The leader does not lie to his people, rather he is helpful to them and advises them with what leads to the right path. As we have offered our advice to the group of Tantawi when the Military Council ruled after the ousting of Hosni Mubarak... As we sent our advice to Dr. Morsi, while in power, we now turn our advice to the current de facto ruler which is the group of Abdel Fattah al-Sisi... Even though Tantawi's faction did not heed our advice, as well as Dr. Morsi did not respond to it, however we will not relent and we shall give our current advice to Sisi's faction. All of this as a reminder, as He (swt) said:

﴿فَإِنَّ الذِّكْرَىٰ تَنْفَعُ الْمُؤْمِنِينَ﴾

**“For indeed, the reminder benefits the believers.”** [TMQ 51:55]

Reminder comes from the door of the Deen: It is reported in al-Muslim from Tamim al-Dari (ra) that he said that the Messenger of Allah (saw) said:

”الدِّينُ النَّصِيحَةُ“ قُلْنَا: لِمَنْ؟ قَالَ: ”لِلَّهِ وَلِكِتَابِهِ وَلِرَسُولِهِ وَلِأَئِمَّةِ الْمُسْلِمِينَ وَعَامَّتِهِمْ“

**“The Deen is reminder.” We said: “To what?” He (saw) said: “To Allah and His book and His Messenger and the leaders of the Muslims and their common people.”**

**Therefore we say:** Oh group, blood has filled the streets of Egypt and bloody massacres spread in its fields, even in the mosques. It is a travesty that devastates lives not by confronting the Jewish entity in the liberation of al-Aqsa, but for the race towards a crooked legged chair! On top of that, the chair that you are racing for, it is America that decides whether it stands or falls! All the blood and massacres will not even help you in your Dunya, but it will help others in their Dunya, and little does America care about the number of spirits lost or the volume of the blood spilled!

What America cares about in the land of Egypt is to take it as a center of influence and as a springboard for its conspiracies, even if it will cost the blood of thousands and thousands of Egyptians ... If the blood is spilled at the hands of any tyrant who did not succeed in stabilizing American influence, they will toss him aside and seek another to sell his Deen and Dunya! Look to the ones that preceded you, for Mubarak who had guarded America's treasure in Egypt was left to dry when the revolution of 25 December surprised them and he was unable to kill more and more as to extinguish the revolution... then came Morsi as well ... Now you walk the very same road! America will not forsake you until you kill and kill to preserve its stability and influence, suddenly you will find yourself in the footsteps of your predecessors as Husni and Morsi, as compelled by American policy! Murder is a grave sin, for Ibn Majah (ra) has reported from Abdullah Ibn Umar (ra) who said: "I saw the Messenger of Allah (saw) circumventing the Ka'bah saying:

”مَا أَطْيَبَكَ وَأَطْيَبَ رِيحَكَ، مَا أَعْظَمَكَ وَأَعْظَمَ حُرْمَتَكَ وَالَّذِي نَفْسُ مُحَمَّدٍ بِيَدِهِ، لِحُرْمَةِ الْمُؤْمِنِ أَعْظَمُ عِنْدَ اللَّهِ حُرْمَةَ مِنْكَ، مَالِهِ، وَدَمِهِ، وَأَنْ نَظُنَّ بِهِ إِلَّا خَيْرًا“

**“How sweet you are and how sweet is your smell! How great you are and how great is your sanctity! By the One in whose hands Muhammad's soul lies, the sanctity of the believer is greater to Allah than yours, his wealth, his blood and that we think only well of him.”**

Oh group, be more astute and aware than your predecessors so accept our advice, especially since you have an Islamic background as seen in your written proposals in 2006 while studying at the Military Academy of the U.S. Army in Pennsylvania. You will not be reprieved of the shame in this life or the torment of the Hereafter, unless you sever the rope America has extended to Egypt, and aid the Khilafah and the ones working for it, so that Egypt returns to be a center of the Khilafah in this world. Perhaps this will atone for the sins you have amounted, and then Allah (swt), His Messenger

(saw) and the believers will be with you. Whoever has made this task his, Allah will grant him acceptance on earth and grant him pleasure in the heavens. Neither America nor Europe, henchmen and followers will frighten him. If you do not do so; America's rope will remain extended and the bloodshed will continue flowing all to please America. Then you will lose your Hereafter and will be unable to secure your Dunya, and that is the obvious loss! You have undoubtedly read the saying of the Messenger (saw):

“من أرضى الناس بسخط الله وكله الله إلى الناس ومن أسخط الناس برضا الله كفاه الله مؤنة الناس”

**“Whoever satisfied the people discontenting Allah, Allah will hand him over to the people and whoever discontented the people in satisfaction of Allah, Allah has sufficed his subsistence from the people.”** (at-Tirmidhi and Abu Na'im through the tradition of Aish'a) There lies a great difference between the one who Allah has handed over to the people hand the one whose sustenance comes from Allah without the people.

This is a sincere advice that is purely for the sake of Allah Almighty, we do not want from you a recompense or gratitude. All we ask for is the prevention of the gloating of the Kuffar, their agents and all the enemies of Islam when they laugh their robust laughs seeing the destruction of great Egypt at the hands of its own sons as a service to the Kafir colonialists, inna lillah wa inna ilaihi raji'un!

Hereby we have conveyed the message, so Allah bear witness... Hereby we have conveyed the message so Allah bear witness... Hereby we have conveyed the message so Allah bear witness. □

Persist on what you are of truth and goodness. Be assured of the victory from Allah sooner or later, because Allah (swt) does not only grant His Prophets' victory, but also those who believe.

إِنَّا لَنَنْصُرُ رُسُلَنَا وَالَّذِينَ آمَنُوا فِي الْحَيَاةِ الدُّنْيَا وَيَوْمَ يَقُومُ الْأَشْهَادُ

"Indeed, We will support Our messengers and those who believe during the life of this world and on the Day when the witnesses will stand" [TMQ ٤٠:٥١]

So bring victory to the truth and its people through your strength and bring victory to Allah, His Messenger and the believers...and bring victory to the Khilafah and those working for it. Prepare yourself with Hizb ut Tahrir by establishing the Khilafah, and then they will forever remember your goodness: The precious blood that was spilt, the free people of ash-Sham that were violated, the women that were widowed, the children that were orphaned, the kneeling elderly and even the nesting animals... All of them will remember your goodness, and the blood and effort will not be lost in vain... Beyond this Allah's angels will envy you for bringing victory to His Deen and to the carrying of His call and for bringing victory to the second Khilafah on the method of Prophethood... You will be honored in this life and in the Hereafter. You will be with the best of Allah's creations (pbuh), his companions (may Allah be pleased with them) and with those sincere and successful allies of His Deen...

## Coup Leaders Commit Massacres to Make their Coup Successful, and this Crime will remain a Mark of Shame on their Foreheads!

The Egyptian Ministry of Health released the latest death toll at 638 killed during the annihilation of the sit-ins at Rab'a Al Adawiyah and Nahda by security forces, and this number is likely to increase significantly.

Among the 26 victims were women, children, and elderly; their wounds were mainly to the head and chest; their tents were consumed in a blaze of fire and a number of charred bodies were found.

The security forces have committed crimes not carried out by the Ummah's worst enemies; they set fire to a field hospital in Rab'a Al Adawiyah while dead bodies and injured people still inside, perhaps to conceal all traces of their abominable crimes.

All this shows the extent of the animosity held by the coup leaders and their henchmen regarding political Islam, and their disregard for their own people, nor the sanctity of the dead!

But what is also obvious is the constant readiness of the forces of oppression and death to escalate the bloodbath, which reminds us of the massacres committed by the Jews against the sons of the Ummah in Palestine.

Following these criminal massacres the interim president declared a state of emergency for a month. They are hoping during this time that they will be able to beat the protesters into submission and bring their anger to a halt, so that they accept the new oppressive rule, which Al Sisi, backed by America, wants to establish after America washed its hands of Morsi's rule.

The January 25 Revolution lasted for 18 days; approximately 365 people died, while in only one day the new/old regime has killed nearly double this number! This was an act of revenge that made us recall the ruling regime of Mubarak, who was full of hatred towards his people and especially those who raised the flag (Raya) of Islam.

This is the new military rule! And here are the leaders of the coup continuing in their transgression, they are willing to kill in cold blood in order to make their coup succeed.

When facing their people they are lions, yet subservient and submissive to the worst enemies of the believers: the Jews and those who support them; they even conspire with them!

They are fighting Islam under the name of "fighting terrorism", while their neighbouring Jews are secure and reassured. How is it then that the criminals and traitors who were responsible for the massacres in the Muhammad Mahmoud Roundabout, the Ministers Council and Maspero bring victory to the people of Egypt? These are murderous criminals! They will be brought to account in this Dunya, before the Afterlife, for their crimes: the killing of the noble sons of this Ummah and their war on Islam and their servitude to America.

﴿وَمَنْ يَقْتُلْ مُؤْمِنًا مُتَعَمِّدًا فَجَزَاؤُهُ جَهَنَّمُ خَالِدًا فِيهَا وَغَضِبَ اللَّهُ عَلَيْهِ وَلَعَنَهُ وَأَعَدَّ لَهُ عَذَابًا عَظِيمًا﴾

**“But whoever kills a believer intentionally - his recompense is Hell, wherein he will abide eternally, and Allah has become angry with him and has cursed him and has prepared for him a great punishment.”** [An Nisaa 4:93]

وقال رسول الله صلى الله عليه وسلم: **“لَزْوَالُ الدُّنْيَا أَهْوَنُ عَلَى اللَّهِ مِنْ قَتْلِ رَجُلٍ مُسْلِمٍ”**

The Messenger of Allah (saw) said: **“The killing of a Muslim man is worst to Allah than the destruction of the Dunya (world).”** [Tirmithi and an-Nisa'i]

The coup leaders' slogan is "fighting terrorism", and fighting the Brotherhood is simply their cover to blockade and fight Islam. But the roots of Islam are deep within Egypt and they will find it difficult to uproot Islam; Kenana is its land and in it are its men and will be the graveyard of the agents. The Kufr regime and the American influence will end Insha'Allah. And by the permission of Allah the sun of Islam and Khilafah will shine over it.

**Oh Muslims in revolt throughout the Kenana!** It is time to loudly declare, **“Islamiyah completely for Allah!”** No democracy in it, no secular civil state, and no sharing of power with the Kufr rule. We must realise by now that adhering to the orders of Allah is the only path to our victory and glory. This will only happen by declaring our full and firm alliance to the Khilafah State, and the rule of Islam, and the unity of the Ummah, and by expelling the colonialist out of our lands and carrying Islam, the message of guidance and mercy, to mankind. Otherwise the blood will be cheap and in vain, everything will be futile and a waste of time and effort.

**Oh officers! Oh soldiers! Oh sincere ones in the Army of Egypt (Al-Kenana)!** How can you take part in the killing of your fathers, mothers, sons, brothers and sisters?! How can you obey a leadership that orders the killing of its own people?! A leadership that sold its Akhira for the Dunya of others and embraced America, the Ummah's number one enemy in the world that is a state of injustice and oppression! By Allah you are the best soldiers on earth if you obey the commands of Allah and His Messenger alone. By Allah you will be in his safekeeping if you obey **...Cont. on p. 35**

### Press Release

## The United States Maneuvers, Plots and Conspires to Continue its Dominance on the Gold Mines and Trade Route in Asia and the Pacific ... As for the rulers of Indonesia - Deaf, Mute, Blind, and Immobile!

It has become increasingly clear that the United States government is securing its interests in Southeast Asia, specifically Indonesia, moving with obvious and accelerated strides, where America dominates with long-term contracts in which the province of Papua has the largest gold mine in the world! The United States has sent an additional 20 thousand personnel to Darwin, Australia, in an operation named Talisman Saber 2013, which is a joint U.S. - Australian 'exercise' running from July 15 to August 5, 2013.

With the addition of these military personnel, the number of U.S. troops in Darwin is estimated at 22,750 soldiers. Not only that, the operation Talisman Saber 2013 included a number of federal agents (FBI). This amount was recognized by the Australian military as a great addition to these bi-annual exercises. "This year, the U.S. came up with a great power," said Brigadier Bob Brown, an Australian spokesman for the joint exercise. In the same year the United States has sent 15 ships to the region to join 11 Australian ships in the military exercise.

Although a number of media reports mentioned that the operation was aimed at improving humanitarian capabilities, Brigadier Brown confirmed that the increase in U.S. personnel in Darwin is part of U.S. policy to increase influence in the Pacific region.

The U.S. is very concerned about safeguarding its political and military influence in the Asia-Pacific region. Professor Ann Marie Murphy, a senior researcher at the Weatherhead East Asian Institute, Columbia University, said that up to 60 percent of U.S. Naval Forces will be deployed in Asia by 2020. Also, there will be a total of 500 U.S. sailors and marines in Darwin for mission rotations, the total will reach to 2,500 troops within the next few years.

**We at The Central Media Office of Hizb ut Tahrir emphasize the following points:**

**First:** Indonesia is a Muslim country; and everything in it from the

bounties, resources and strategic location reverts to the Muslims, and obligates Islam to safeguard it, and prohibits negligence and their forfeiture. For that we address the sincere people of power and we say to them: How long will you remain silent over the plundering of the country's riches?! Until when will you allow the United States, China and others who battle over our country without anyone to stop them as if we do not exist!?

**Second:** It is not permissible to be silent over humiliating violations of our sovereignty in the air, land and sea; and atop that, it is not valid to accept the governance of the United States or any other in the nautical trade route!

**Third:** You must cancel the concession contract awarded to the U.S. Company Freeport McMoRan to extract gold and copper from the Indonesian province of Papua, which was signed in 1967 for a period of 30 years, which then was extended to thirty new years in 1991! This gave them exclusivity to the largest gold mine in the world! While the people of Indonesia are dying of starvation!

**Fourth:** Indonesia must send a clear message to the United States, which demanded from the Ministry of Foreign Affairs to submit reports of human rights violations in Papua before the U.S. Congress! A message to the effect that Papua, Indonesia is not a state from your states. And you, O America search out your criminal violations of humanity and regions of the world that have been invaded and destroyed by your forces after your violations that carries all forms of brutality against human rights in Iraq and Afghanistan. As well as your silence over the horrific crimes taking place in Syria and Palestine, Chechnya, Kashmir and elsewhere, and even through direct or indirect American support for these crimes!

We at Hizb ut Tahrir address our call to the Muslims in Indonesia to recognize the imminent dangers of colonial domination and dismemberment of lands resulting from the deficient leadership, and to work with us to establish the Khilafah state that is the true shield of the Ummah and protector of our land, honor and resources which will be established soon with the Will of Allah. Indeed Allah is Able over all matters. □

## **Britain and Spain are Grappling for Leadership in Gibraltar, While Morocco is Fast Asleep!**

On Tuesday 13/8/2013, the British warships began to head to the Mediterranean Sea to conduct naval manoeuvres where the frigate HMS Westminster will set in Jabal Tariq (Gibraltar). It is one of four ships that will participate in the Cougar 13 training in the Mediterranean and the Gulf, which will last for four months. Britain is accustomed to undertaking military manoeuvres in the Gibraltar Strait which always provoked anger and protest from Spain due to Gibraltar's leadership conflict.

These manoeuvres come amid an atmosphere of dispute that escalated between Britain and Spain over Gibraltar, after the mountain's authority threw rocks in one of the Algeciras beaches, in order to encourage marine life, hence, Spain took advantage of this under the pretext of guarding the Spanish fishermen in order to raise the issue of Gibraltar once again where it has tightened its border control procedures on the grounds that Gibraltar is not a member of the Schengen area just like Britain, then in response to the summoning of the Spanish Ambassador by the British Foreign Ministry, Spain raised the degree of conflict, as was announced by the Spanish Foreign Minister regarding his country's intention to impose tax of 50 euros value on each person crossing the border from Gibraltar to Spain, threatened to close the airspace of his country in the face of all flights flying to Gibraltar, and by taxing the property of the people within the Spanish regions. The dispute reached its peak on Monday after a spokesman for Prime Minister David Cameron said that the Spanish action was politically motivated and is an unprecedented step, and that Britain is considering legal prosecution of Spain. Spain immediately responded by threatening to refer the case to the United Nations.

No rational person would believe that Spain would resort to the United Nations because rocks thrown into the sea, but it was an excuse it invented in order to renew the issue of Gibraltar, which is an autonomy colonized by Britain, and make it at the top of its priorities. This came in conjunction with the British manoeuvres which it became accustomed to doing to assure the greatness of Britain and to ensure that Britain will not compromise Gibraltar

which has a strategic, military and intelligence importance, with a major area being a British air and naval base, as well as an intelligence base. It also has an international circumstance where its airspace and waters can be crossed without seeking the permission of Spain and Morocco, and it is the control point for international navigation. On Gibraltar's south lie the Muslim countries of North Africa, which the West considers as an unstable region and thus poses a threat, which calls for the presence of its forces nearby for any intervention. Last May, America sent the rapid intervention unit located in North Africa to the Morón Air Base in southern Spain to be near the intervention areas in Africa if it received the command.

All this occurs while Morocco snores in deep sleep without paying any attention to the security and interests of Morocco, as if Britain and Spain are not struggling over the control of a strategic point in order to spy on Morocco and the region, and take control over the entry and exit of the Mediterranean sea, as well as take this point as a springboard for military intervention in the southern side of the Mediterranean as if Morocco is not located on a sight-view of Gibraltar.

Morocco has always stood alongside Britain in its conflict with Spain. In the past year of 2012, British forces conducted manoeuvres in Gibraltar Strait, with the help of Morocco, where it has authorized the use of its airspace, enabling British aircraft flight in the entire strait. Every time Spain raised the issue of its sovereignty over Gibraltar and demanded its return, Morocco sparks Spain's occupation to Ceuta, Melilla and the islands of Morocco which weakens the position of Spain and presents it to the international community as an occupier, making the solution to Gibraltar is the filtering of the occupied Moroccan cities and islands, turning the Spanish-British file as three parts: Spanish-Moroccan-British. For example, in 2002, Morocco contributed in the ruin of an agreement for a joint rule between Spain and Britain to Gibraltar, Morocco ruined this agreement by sending down forces on 11.07.2002 on the island of Leila, in an unexpected and unprecedented move, which made Spain direct its war hostilities in the region's direction and intervene militarily to evacuate the island from Moroccan soldiers, prompting Morocco to send a message to the Security Council in this regard and to recall the demands of Morocco on Ceuta, Melilla and the rest of the islands. This event had a deep impact on the strengthening of the British position in its negotiations with Spain on joint sovereignty over Gibraltar.

However this time, Spanish stances are escalating in intensity with complete liberation from any Moroccan intervention, which reminds us of the commitment made by Yusuf Al-Imrani last April, the Delegate Minister for Foreign Affairs the Cooperation of the Moroccan Minister of Foreign Affairs

and Jose Manuel Garcia Margallo Cooperation of Spain, that Morocco does not raise any discussion regarding the situation of the occupied cities of Ceuta and Melilla.

Also, the Moroccan palace is still haunted by the dilemma which the King of Spain placed the King of Morocco in, which is to release a group of Spanish prisoners that included a human beast accused of raping 11 children, King Mohammad the Sixth complied with this request, a decision that sparked outrage in Morocco, shaking the King's image strongly internally and externally.

### **O Muslims in Morocco,**

This is how Spain defends its sovereignty over Gibraltar and this is how Morocco stays silent over Spain's occupation of Ceuta, Melilla and the Moroccan Islands, showing no regard towards defending Morocco's vital interests.

In the context of the Spanish-British dispute, Morocco this time added to its silence over the existence of an intelligence military base which threatens its security and spies upon it, a silence over the demand to free Ceuta, Melilla and the Moroccan Islands.

The name of Jabal Tariq (Gibraltar) goes back to the Muslim leader Tariq bin Zeyad's conquer the lands of Al-Andalus, and its name will remain witness over Jabal Tariq and Al-Andalus as Muslim lands, that lived under the light of Islam for eight decades, reminding us that we should be aware of the sovereignty dispute over it, demanding us to raise the flag of Islam overhead rather than the flags of Spain or Britain.

The Khilafah State, alone, will be able to defend the interests of the Muslims, protect their security, free their lands and shut colonial states' military intelligence bases in their lands and on their borders. It was narrated by Abu Az-zinnad on the authority of Al-A'raj on the authority of Abu Hurairah that the Propher (saw) said:

“إِنَّمَا الْإِمَامُ جُنَّةٌ يُقَاتَلُ مِنْ وَرَائِهِ وَيَتَّقَى بِهِ”

## O Russia, Enough of your Blatant Lies...

### Hizb ut Tahrir does not Engage in Material Acts in following the Example of the Great Prophet (saw)!

Sakhalin Media website published a news headline entitled: "A verdict made on a military personnel accused of glorifying terrorism." The article states: 'A member of Hizb ut Tahrir was arrested and sentenced on charges of carrying out crimes against the constitutional system of government and for threatening State security. He called for the establishment of an Islamic State - the Khilafah - and glorified the terrorist activities in North Caucasus'.

**Based on this, we in The Central Media Office of Hizb ut Tahrir would like to demonstrate and clarify the following points:**

**Firstly:** Hizb ut Tahrir is a political party whose ideology is Islam, it only has only one leadership in the world and its leader is the great scholar Ata Bin Khalil Abu al-Rashtah. The aim which the Hizb vowed to achieve since its establishment is the resumption of the Islamic way of life through the establishment of the Khilafah State, on the method of the Prophet Muhammad (saw). The party's work is political and does not extend to material actions. It works for the establishment of the second rightly guided Khilafah State on the method of Prophethood in the lands which were once part of the Islamic State, as for the other lands like Russia and Europe, the party's work there is focused on protecting the Muslim communities and spreading awareness among the Muslims about the thoughts of Islam and its rulings to commit to them and abide by them, including calling them to support the serious work undertaken in the Muslim lands for the establishment of the Khilafah as well as calling non-Muslims to Islam.

**Secondly:** The Hizb does not have branches around the world that are separated from it or from its leader Ata Bin Khalil Abu al-Rashtah, neither does it have military branches; based on this, the news headline is false and baseless.

**Thirdly:** The Putin regime had consistently on more than one occasion lied and slandered, through his intelligence services men placing weapons and ammunitions in the homes and cars of some of the members of Hizb ut Tahrir, to accuse them and criminalize them of terrorist activities. We ache with pain over what happened recently, and before Eid al-Fitr and in the days of Eid al-Fitr, between some rebel factions in Syria of strife and contention in the area of Rigga. The disorder of these events are the loss of the souls of the factions and civilians... they are sad painful events which affect every seeing and knowing person. Especially the killing of the soul of the innocent believer, it was narrated by Ibn Majah from Abdullah Bin Umar May Allah (swt) be satisfied with them: I saw the Prophet (saw) doing Tawwaf around the Ka'bah saying: **”مَا أَطْيَبَ رِيحِكَ، مَا أَعْظَمَكَ وَأَعْظَمَ حُرْمَتَكَ، وَالَّذِي نَفْسُ مُحَمَّدٍ بِيَدِهِ، لِحُرْمَةِ الْمُؤْمِنِ أَعْظَمُ عِنْدَ اللَّهِ حُرْمَةً مِنْكَ، مَالِهِ، وَدَمِهِ، وَأَنْ نُّظَنَّ بِهِ إِلَّا خَيْرًا“** **“How sweet are you and how sweet is your scent. How great are you and how great is your sanctity. You weakened your strength and strengthened your enemy. Could you wake up and reflect before you regret the time you cannot regret?

The one who wants good has to follow the path of good without being impure, and Allah the Almighty looks after the Righteous.

**O you revolutionary Muslims of Al-Sham, O wise people of the battalions and brigades defending this revolution:** You are strong in your commitment to your Deen and in gathering people around you, and they embrace you. That will not happen if you turn your weapons against each other and kill citizens, safe and peaceful villagers. This will make your Lord angry and satisfy your enemy and please the enemies of the uprising in Sham. This way you will lose the embrace of the people; and thus you lose courage and [then] your strength would depart; and confirming this, is the speech of the Almighty: **﴿وَلَا تَنَازَعُوا فَتَفْشَلُوا وَتَذْهَبَ رِيحُكُمْ﴾** **“And do not dispute and ...Cont. on p. 36**

## Buddhists Flagrantly Attack Muslims in Sri Lanka, So Why are our Armed Forces Kept in their Barracks

On Saturday 10 August 2013, a mob of Buddhists in Sri Lanka attacked a three-storey mosque and nearby houses in a central neighbourhood in the capital itself, Columbo. This is by no means an isolated incident. In recent months Buddhist groups have mounted an organized campaign against Muslim and Christian targets. In January 2013, a crowd of Buddhist monks stormed a college of law, yelling and shouting that that the exam results had been distorted to favour Muslims. A few weeks later, apparently abetted by the police, Buddhist priests attacked a slaughterhouse in the capital alleging that calves are being slaughtered inside which is illegal in the capital. Sri Lankan Buddhists are now taking so-called "direct action" every few days. Thus there is a growing wave of anti-Muslim activities in Sri Lanka carried out by Buddhists, in a country where 70% are Buddhist, whilst the second largest group is that of Muslims, at 10%, descendants of Muslim traders who came during the seventh century. Indeed, the Mushrikeen of all kinds are as Allah (swt) describes them to be:

﴿لَتَجِدَنَّ أَشَدَّ النَّاسِ عَدَاوَةً لِّلَّذِينَ آمَنُوا الْيَهُودَ وَالَّذِينَ أَشْرَكُوا﴾ **“You will find the most prominent in hatred against the Muslims, the Jews and the Mushrikeen.”** [Surah Al-Maida 5:82]

What adds to the outrage is that the most prominent Buddhist group called the Buddhist Strength Force, Bodu Bala Sena (BBS), has government support. Not only are attacks occurring with police abetting and within the government's stronghold and capital, at the BBS's opening ceremony for a new training school, the guest of honour was the powerful Defence Secretary Gotabhaya Rajapaksa, brother of the president. What a far cry from the justice that Islam provided all religions during the over millennium of Islamic rule in the Indian Subcontinent, conforming to the Hadith of RasulAllah (saw) demanding protection for the non-Muslims in the Islamic State **”من أذى ذمياً فقد أذاني”** **“Whoever harms a Dhimmi (non-Muslim citizen of the state) has harmed me.”**

And what makes the blood boil is that Muslims are ...[Cont. on p. 36](#)

## Press Release about the Massacre by Chemical Weapons in the Damascus Countryside

It is due time for the honorable members of this Ummah to mobilize to  
aid of the people of ash-Sham!

It is due time for the free revolutionaries of ash-Sham to defeat this  
killer and defeat those conspiring with him and those who kill us with  
the mightiest types of weapons, led by chemical weapons coming from  
the Western and the Eastern states from the enemies of the Ummah!

The cries of the bereaved mothers and suffocated children can only be  
prevalled by the shouts of the heroic free rebels who stood between the  
corpses of children, women and men, the victims of secular democracy and  
Western technology, and who expressed their mourning with their heads  
held high, declaring the oneness of Allah. Their emotion overflowed while  
cursing Bashar and every ruler of the Muslim world, that the hellfire be their  
last abode. The tongue of their dire situation spoke through one of the  
heroes from Ghouta ash-Sham, shouting: "Allahu Akbar over oh tyrants of  
the Muslims, these dead are from the Ummah of Prophet Muhammad (saw) -  
the martyrs of Islam! Allahu Akbar over your silence...Where are the Muslim  
armies?" Where is the Ummah and its support for the revolution of  
ash-Sham? When will you rise against the thrones of your executioners and  
mobilize your armies oh Muslims?

**Oh Ummah of Islam, Oh People of Chivalry and Courage,  
Oh Protective Ones of your Deen and honor:**

A coward is known by his actions that are just as despicable and sordid  
as him. This is the case with this criminal regime and its head, for which  
there is no treatment but beheading and the amputation of its extremities,  
according to the saying of Allah (swt):

﴿إِنَّمَا جَزَاءُ الَّذِينَ يُحَارِبُونَ اللَّهَ وَرَسُولَهُ وَيَسْعَوْنَ فِي الْأَرْضِ فَسَادًا أَنْ يُقَتَّلُوا أَوْ يُصَلَّبُوا أَوْ تُقَطَّعَ أَيْدِيهِمْ  
وَأَرْجُلُهُمْ مِّنْ خَلْفٍ أَوْ يُنْفَوْا مِنَ الْأَرْضِ ذَلِكَ لَهُمْ خِزْيٌ فِي الدُّنْيَا وَلَهُمْ فِي الْآخِرَةِ عَذَابٌ عَظِيمٌ﴾

**"Indeed, the penalty for those who wage war against Allah and His  
Messenger and strive upon earth [to cause] corruption is none but that  
they be killed or crucified or that their hands and feet be cut off from**

**opposite sides or that they be exiled from the land. That is for them a disgrace in this world; and for them in the Hereafter is a great punishment.”** [al-Maida: 33]

This arrogant coward Bashar, his father's son, Allah's curse is upon him and his father came with a conspiring international commission to detect the use of chemical weaponry, as if it were a committee of experts not to prevent the use of chemical weaponry, but to supervise its most effective use! The strike against the Damascus countryside is characterized by unprecedented strong and concentrated injuries; it has undoubtedly been carried out by an expert. Has international immorality, led by the head of Kufr, hypocrisy and systematic murder America, already reached such levels? These internationally prohibited weapons have struck hundreds of martyrs, mostly children frantically springing like slaughtered chicken from the severe pain and agony. Ya Allah, ya Allah, to the Ummah of Islam, until when will you keep watching? Until the rest of what was left from the people of ash-Sham be slaughtered? Until the hazards of Western chemical weaponry extends to the Muslims of the Gulf, the people of Egypt and Africa? Only then, those from the "safe" Ummah will become aware of the wolf that has eaten us in portions. Then they will say, “Had we only heard and followed and stood in the face of the tyrant united!”

### **Oh Muslim Armies, Stationed in your Barracks:**

Curses will descend upon you if you do not mobilize and support the people of ash-Sham. A horrible wrath of Allah has befallen you, the possessors of strength and capability, oh sons of the Muslim Ummah. If you have only an atom of sense of responsibility and conviction that the Day of Judgment is coming, and still you do not move to aid us in the establishment of the Khilafah, our source of dignity and the protector of our security, then you will be belittled in this world and overtaken by torment in the Hereafter! So mobilize, such that your mobilization will rescue you from the punishment of your Lord and that you may attain honor ... Otherwise, be drenched in the anger of Allah, His Messenger, His angels and all the people.

﴿وَإِنِ اسْتَنْصَرُوكُمْ فِي الدِّينِ فَعَلَيْكُمُ النَّصْرُ﴾

## Woe Ghouta! Chemical Weapons Reap the Souls of the Women and Children of al-Sham

The blessed Sham awoke to the news of the shelling of al-Ghouta, the camp of the Muslims, in an alarming mass genocide operation, and images spread that made even the stones cry and shook the conscious, of our children embracing death while asleep, and some entered a state of hysteria suffocating from the chemicals. And according to the doctors' testimony to Human Rights Watch, most of the victims were children and women. This brutality and sadism is not new to this butcher who inherited the execution of massacres from his buried father. Dara'a, Karam al-Zaytoon, al-Howla, Daria, Jadidat Artouz and Jadidat al-Fadel have witnessed his crimes before, and the list goes on. This massacre is a technique undertaken by the Ba'athist regime to control the people of al-Sham, and whenever this regime increases in weakness and contempt, it increases in arrogance and force to impose its hegemony on a chair that it never believed to be eternal. This heinous crime came days after the massacres that al-Sisi carried out during the dispersal of the sit-ins at al-Nahda and Rabia al-Adawiya, so both al-Sisi and Bashar ride the wave headed by the West which appears as a war on terror and is in reality a war on Islam and the Muslims; and the practice of state terror in its ugliest form. Al-Sisi carried out his crime on the fourteenth of August and the Butcher Bashar expressed his support for this approach the next day, commenting on the Syrian events "There is no solution with terrorism other than for it to be stricken with an iron hand." He would not dare to harm our family in the Damascus countryside if not for what he saw of betrayal and the neglect of the rights of the Muslims. May Allah fight them, for they cooperate in sin and aggression and in the terror of the vulnerable women and children.

As for the reaction of the rulers of detriment; it was silence like the silence of the dead. One example, out of 35 countries sent a letter to the Secretary-General of the United Nations, Ban Ki-Moon, demanding an immediate investigation into the use of chemical weapons in Syria. As though the investigations and the previous commissions had protected a single child or woman or elder in the land of al-Sham from the brutality of this arrogant tyrant.

As for what is called the international community; it was lead by the voices of sceptics of the chemical attack and they begged the criminal tyrant to allow the investigators who are in Syria to visit the site of the event and carry out the necessary investigations to reach to the truth. This was only to mitigate the event and so that their connection to the human catastrophe which the world followed by sound and image would not be uncovered. This is the international community that calls for investigations in a clear matter that is as clear as the sun in the sky; the same international community that took Iraq on suspicion of deadly weapons and killed the children and women of Iraq violently and unjustly despite the denial of its commissions, and did not hesitate to invade Afghanistan, Somalia, Mali and others without any investigations.

As for the reaction of America to the Butcher's crime; it was blatant and uncovers the American stance on Syria and its people. American Army Commander General Martin Dempsey commented on the chemical massacre, "Any military intervention in Syria is not in the interests of the United States, because the fighters of the Syrian opposition do not support American interests." Is this not enough proof of the reality of their position and the charade of their red lines?

**As for you, Oh armies of the Muslims**, you have betrayed the people of al-Sham and their plight has lengthened while they wait for your support. Are your hearts not shattered by the screams of the bereaved and from seeing dead babies in the arms of their parents? Are your bodies not chilled to see hundreds of souls that death raided while they were safe in their homes? Do these images not move the loyalty of men in you? Do you not say as the martyr, Allah willing, Omar al-Mukhtar said, **"Even if the cannon breaks my sword, the wrong cannot break my right"**. Know that Allah (swt) has guided you that there is no obedience to a creation in disobedience to the Creator, so do not surrender to the orders of those who you have exposed and whose vice has emerged, and Allah is the Master of His Affairs, but most people know not. □

Greetings to the victory of the Deen of Allah,  
 Greetings to the victory of those working for Khilafah,  
 Greetings to the victory of Hizb ut Tahrir,

Press Release

## The Chemical Attack and Western Military Intervention in Syria!

All of a sudden, the conscience of American and British newspaper writers awoke to report the horrors of the chemical massacres in the country side of Damascus and calling for military intervention against Bashar Al-Assad in Syria for his brazen move that transgressed red line for using chemical weapons.

Everyone is asking what is behind this two and a half years late awakening of the conscience regarding the blood bath spilled by the Assad forces and his allies? Death by chemical weapons is horrific for one, but death is the same to the victims of exploding barrels, scud missiles, gun shots, tanks or other methods of killing and torture used by Assad forces and his allies in a desperate attempt to eradicate the revolution in Syria.

Indeed, we too have our suspicions to what is behind this awakening. And we specifically want to bring to the attention of our people in Ash-Sham the plots that are drawn against them behind the scenes in the capital cities of the colonial crusaders.

Previously John Kerry, the American Secretary of State, stated after an hour and a half long meeting with the his Russian counterpart, Sergei Lavrov, in the American Embassy in Brunei on the 2nd July 2013 that both parties are committed to hold the Geneva 2 Conference in the coming month of September.

This conference aims to transfer the power to an interim government in Syria regardless of who has the upper hand on the battlefield. At the same time the Russian Foreign Minister, Sergei Lavrov, has stated after a very long meeting with his American counterpart in Washington on the 9th August 2013, that the American and Russian officials agreed to the importance of holding the Geneva Conference for the peace in Syria as soon as possible and that they will convene another time at the end of the month to prepare the talks. The spokesperson for Al Akhdar Al Ibrahimy, Khawla Matar, said in a press conference in Geneva that he believes that this alleged chemical attack in Syria this week should speed up preparations to hold an international peace conference in Geneva and it must prove to the world that there is no military solution. ## Sever the Serpent's Head and Banish the Ambassadors of Fitnah!

Media Office  
Wilayah Lebanon

History had witnessed for the Islamic Ummah, for more than ten centuries, that it stirred the rudder of incidents, widening the scope in many lands of the world, with the best administration, with great justice, whether in the lands ruled by the Islamic state, or in lands ruled by hostile countries, but the State of Islam did not take to planting fitnah, disturbances and kindling wars, as means for interference, in spite of its ability at that time.

We say that, because since decades, we are like orphans at a feast for villains, western colonist countries enjoy the open interference in our affairs, we find no one of the rulers of the Islamic countries, from the nature of the Rashidi Khalifahs, or the Rasheed, or the Mu'tasem, to confront these parasite countries, like the zealous shepherd on his subjects. What is taking place in Lebanon, in the last months, is a picture of this, the embassies of some Western countries had violated our sanctities, under the excuse of being zealous on "democracy", taking advantage of the vast inequity which the ruling and security apparatuses had and are still exercising, over the previous decades, although these embassies were umbrellas with great shade, for this inequity!

This is how the Embassies in Lebanon, and other countries, are cheating, even if showers of blood was shed in civil war, many of the chiefs of "patronage" or "opposition" will rush to it, begging it, giving duties of obedience to it, thinking that they realize their honor and sovereignty, by that, but in fact they are wasting it, and dragging people to humility and disgrace, soon, these will chant with the two words: "dignity" and "Sovereignty" and trade in them, in the market of Media consumption, after emptying them, knowing or without knowing, from their content! We renew the call for the faithfulness of the political work, to Allah, and the Ummah, and ask those who work in this job, to kick the rich appetizing dishes, which the West, or its men of the local rulers, serve for them, because poison is put in that fat.

It is a must, to announce it with complete frankness and daring: close the western colonist embassies in Lebanon, especially the embassies of America, France and Britain, drive away the Ambassadors of these criminal countries, in the most evil way, or may be the best way, before the country kindles, don't be satisfied with demonstrations which surround this embassy or that, without activating anger into an executive operation! We are an Ummah with noble destiny, high resolution; the future is for us, by Allah's will. Let us prepare ourselves, from now, that our policy will not be run from outside, so that we will be qualified for a noble state, on the steps of the prophecy, all will shade with content, under its rule, The Rashidi Khilafah State. □

## Tunisia: Protest Before the Egyptian Embassy

Hizb ut Tahrir/ Tunisia organized a protest before the Egyptian Embassy in Tunisia on 8 Shawwal 1434 AH, 15 August 2013 CE, regarding the bloodshed that occurred killing hundreds of Muslims unjustly. These acts anger Allah (swt) and are not accepted by anyone. Hizb members delivered short speeches reminding the people of Egypt that this is not the way to bring Islam but by the path of the Khilafah and not by democracy, which has inflicted Muslims with commotion and murder. America has permitted Muslims to be slaughtered at the hands of Sisi. They also appealed to the sincere Muslims in the armed forces to remove America's hand in power and establish Islam by the Nussrah of the sincere ones in order to resume the Islamic way of life. □

## Pakistan Badly Requires a Drone Defence Programme to Safeguard its Sovereignty

### News:

The arrogant American viceroy to Pakistan, John Kerry visited Islamabad and immediately blamed local militant groups for violating Pakistan's sovereignty. In an exclusive interview with Geo News, US Secretary of State John Kerry said that terrorist groups such as Lashkar-e-Taiba (LeT), Tehreek-e-Taliban Pakistan (TTP) and Al-Qaeda were violating the sovereignty of Pakistan.

### Comment:

For most Pakistanis, it is America that is aggressively violating Pakistani airspace and killing Pakistani citizens through its robotic death drones. Yet for Kerry the US drone programme is entirely defensive. He said, "We are engaged in counter-terrorism for self-defence." This is despite the fact that America struggles to find Al-Qaeda, LeT and Taleban operatives on its shores waging war. No Pakistani government official or member of the opposition took Kerry to task on his twisted logic that somehow drones strikes were in self-defence. As expected, Nawaz Sharif and Imran Khan could only put up muted protests when speaking to Kerry, and he reciprocated by stating that the drone strikes would soon end. But no one knows when!

The time has come for Pakistan to stand on its own two feet and develop its very own domestic drone programme to ward off American death drones that routinely violate the country's airspace and kill its citizens with impunity. To minimise the growing

menace of US drones, Pakistan's domestic drone programme should make at its core quick win actions combined with long-term measures. These could be:

1. It has been reported on several occasions that the Pakistani civilian and military leadership has been facilitating material support to the US drone programme for many years. Wikileaks revelations and Musharraf's clandestine agreement with the US is well documented. Hence, Pakistan must close all airbases to US drones and eject all US personnel stationed at these bases.

2. It is well known that drones require targets to be identified, tracked, assassinated and the death has to be verified. This requires an extensive ground network of personnel committed to supporting US drone operations in Pakistan; otherwise the drone strikes are ineffective. Pakistan must cease such support and take all measures to shut down the Raymond Davis network which was painstakingly constructed by the US embassy in collusion with the Pakistani military and civilian leadership to serve this purpose. Henceforth, all US embassy staff and American citizens involved in military, diplomatic and NGO work should be immediately expelled from the country.

3. If the above measures fail to dissuade Washington from deploying drones inside Pakistan, then the Pakistan Air Force should be mobilised to disable drones via well-established spoofing techniques and shoot and destroy. It was stated that in 2012 and

2013, the Iranian Air Force used force to successfully prevent America's M1 drone from entering Iranian airspace. So if this is true what is preventing the Pakistan's air force which is better equipped and trained than its Iranian counterpart to do the same.

4. The Pakistani military should establish permanent task forces dedicated to improving the hacking of US drones violating Pakistani airspace using a variety GPS equipment and software that is easily accessible in the public domain. In 2011, Iran was successful at capturing the latest generation of American drones- the RQ-170 Sentinel UAV with primitive hacking techniques.

This task force should be augmented by encouraging Pakistan's educational establishments and software industry to collaborate and devise innovative ways to not only disrupt US drones, but build a fleet of indigenous drones to counter the threat.

5. Pakistan should benefit from China experience to quickly industrialise the building of smart Pakistani drones that protect the country's sovereignty and act as a strong deterrent for its enemies. Both countries have jointly developed the J-17 fighter; hence, it should be possible to build indigenous drones on mass by incorporating drone technology from Chinese and using existing platforms.

To ensure people no longer live in fear in the tribal agencies, and life returns to normal, the government must undertake these initiatives:

1. Jamming devices to be made available amongst the tribal population to blind US drones venturing into Pakistani airspace; deploy Surface-to-

Air (SAM) missiles and radar tracking equipment to shoot down such drones. This equipment should be protected by a plethora of decoys and armed soldiers.

2. Additionally, deep bunkers should be provided for the protection of the tribal population in case the odd drone manages to escape the aforementioned measures.

The drone defence programme can easily be implemented without any excuses, and is very effective in countering US drones. But the programme is by no means a long-term solution to Pakistan's growing security needs. Pakistan's security concerns can only be addressed through the re-establishment of the Caliphate. Under the Caliphate, Pakistan will pursue a strong industrialisation programme that makes military superiority the heart of the country's security framework and strikes fear into the hearts of the enemy. Only then will the following words of Allah (swt) be realised:

﴿وَأَعِدُوا لَهُمْ مَا اسْتَطَعْتُمْ مِنْ قُوَّةٍ وَمِنْ رِبَاطِ الْخَيْلِ تُرْهِبُونَ بِهِ عَدُوَّ اللَّهِ وَعَدُوَّكُمْ وَأَخْرِينَ مِنْ دُونِهِمْ لِمَا تَعْلَمُونَهُمُ اللَّهُ يَعْلَمُهُمْ وَمَا تُنْفِقُوا مِنْ شَيْءٍ فِي سَبِيلِ اللَّهِ يُوَفَّ إِلَيْكُمْ وَأَنْتُمْ لَا تُظْلَمُونَ﴾

**“Against them make ready your strength to the utmost of your power, including steeds of war, to strike terror into (the hearts of) the enemies, of Allah and your enemies, and others besides, whom ye may not know, but whom Allah doth know. Whatever ye shall spend in the cause of Allah, shall be repaid unto you, and ye shall not be treated unjustly.” [TMQ: Al-Anfal]. □**

## Speech of the Muslim Women of Uzbekistan Addressing the Muslim Ummah

We, the Muslim women who are victims of injustice in Uzbekistan, preach to and address the men that count themselves from the Ummah of Muhammad (saw)!

Who is the woman? She is a mother, a wife, a sister, an honor that must be protected and preserved, and a fortress that prevents the believer from falling into sin. She is a fragile but great being at the same time that encompasses countless excellent features and beautiful qualities.

This was originally the case, but in the present, how is she, what has she become? How is the woman in our time and in our days? She has become humiliated and discarded and she became a worthless tool, used and then thrown away in the end! What plunged the woman into this squalid situation is Democracy that bereaved us from a happy living.

In Uzbekistan, in particular, the harassment against women by the ruling class that applies the system is increasing daily. It can be seen through the following examples: If we look at the practices of the authorities of Kokand (one of the districts of Ferghana), we find: They have created an association that encompasses the following members:

- President of the Women's Committee in the district

- Chairman of the Board of Neighborhoods (Lord Mayor)

- Board of Neighborhoods

They roam the neighborhoods of the city entering one house after the other, carrying cameras with them, disturbing the housewives and their comfort, asking them not to wear the Khimar, and they sometimes even force them to uncover their heads. Inna lillahi wa inna ilayhi raji'un!

Web sites and social networking sites have reported that the Khimars of the believing women who wish to sell their products on the market are being forcefully removed, and those who were not satisfied with this action, they confiscated their money and property in those markets. Last year they forced the sellers to stop offering wide, covering Khimars in the capital of Tashkent, and today here in the city of Kokand they prohibit their sale as well, saying loudly and with disdain: "Who allowed you to sell them!?"

If it happens that a woman from those covering with such Khimar comes to one of the state institutions, be it a kindergarten or a school or college or anywhere else they, she is immediately discharged "upon request!" Allahul Musta'an!

Strangely, there are songs they constantly repeat, that are also constantly played by the Uzbek

regime's media outlets, in which they sing: "No matter what, you're saint, saint, oh woman!!"

Is this what reverence for women looks like?! How did we get to this situation? What is this dire situation a result of?

The primary reasons for this situation are the satisfaction of our men with the Kufr system, their submission to it, and their forgetfulness of the protection of the Muslim women, and their loss of protectiveness over them.

*...the Khaleefah would listen to the ordinary women and treat them in an Islamic manner. The state would sponsor her and take care of her affairs ...*

Adding salt to injury - in addition what has been mentioned above - some religious scholars gave Fatawa to the satisfaction of the government violating the law of Allah, giving the government an excuse to more oppression, contempt and insult towards the believing women, saying: "It is not from the religion what you claim, here are the religious scholars that say so!" Hence - we Muslim women - have become afraid of letting our daughters leave the house when there is a necessity.

When the Muslims still had

their state, the Khaleefah would listen to the ordinary women and treat them in an Islamic manner. The state would sponsor her and take care of her affairs if her husband neglected or left her care!

Today, women's fates are contempt and humiliation! The women are the ones most desperately in need of these Khaleefahs, more than ever before and more than anyone else!

**O Muslim Ummah!** Know that tomorrow we will complain to you between the hands of Allah (swt), saying: "We were powerless and humble but no one protected us, and no one worked to find us a Khaleefah that would protect us!" What will you answer Allah (swt)? And how will you endure his torture for not hastening to our aid or the defense of our honor?

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا قُوا أَنْفُسَكُمْ وَأَهْلِيكُمْ نَارًا وَقُودُهَا النَّاسُ وَالْحِجَارَةُ عَلَيْهَا مَلَائِكَةٌ غِلَاظٌ شِدَادٌ لَا يَعْصُونَ اللَّهَ مَا أَمَرَهُمْ وَيَفْعَلُونَ مَا يُؤْمَرُونَ﴾

**“O you who have believed, protect yourselves and your families from a Fire whose fuel is people and stones, over which are [appointed] angels, harsh and severe; they do not disobey Allah in what He commands them but do what they are commanded.”** [Al-Tahrim: 66]. □

## Hundreds Killed during Eid ul-Fitr Holiday... What is the Government's Policy to Protect People's Lives?

### News:

Jakarta, Indonesia- The National Police said Sunday (August 11th) that at least 471 people died in traffic accidents across Indonesia during the annual Eid ul-Fitr travel exodus, local media reported.

“There have been 2,095 total traffic accidents in which 747 people sustained major injuries and 2,688 endured minor ones,” National Police Spokesperson Agus Rianto said in Jakarta, according to the Antara News Agency.

Among incidents involving 3,621 vehicles, 2,517 were motorcycles, followed by 588 passenger cars, 270 freight cars, 140 buses and 94 non motorized vehicles. Last year, the recorded death toll during the Eid ul-Fitr holiday period was 491, according to the *Jakarta Post*. [khabarsoutheast.com] [August 13, 2013]

### Comments:

We should question the Indonesian secular government's role to protect people from any harm and provide them with sufficient facilities. Those hundred victims are people who have rights to be protected from anything that endanger their lives. What does the government do to give people's rights?

It is true that there are many factors that trigger traffic accidents. Is there any sufficient safe public

transportation? No, there isn't. Thousands of people can not go to have their Eid ul-Fitr holiday using trains or ships. However the government has the total responsibilities to find out solution for the problem. The availability of cheap and safe mass transportation should be the priority. In fact, today people are concerned to reach safe transportation because it is very high cost. Instead people have their travel in very poor condition transportation. Moreover the government does not give any sanction to companies which operate unsafe buses in order to get maximum profit. The conditions are getting worse by the poor conditions of the road, so it often cause accidents. Then, where is the responsibility of the government?

From the fact we can see that secular democratic government has failed to give protection to people's lives. It doesn't place the fulfillment of people' needs as a priority. Such government only thinks about its interest that is securing its position as the ruler to make them freely exploit the natural and human resources for the sake of their business and profit.

In contrast with Islamic government, the Imaam or Khaleefah is the one responsible for the fulfillment and protection of the people. Remember how Khaleefah Umar bin Abdul ...**Cont. on p. 37**

## **M**IT: Future Smartphones Will 'Listen to Everything All the Time'

A report by the Massachusetts Institute of Technology hails the era of “technologies that emphasize listening to everything, all the time,” ubiquitous surveillance aided by microphones installed on new smartphones, such as Google's Moto X, that do not run off the main battery and can, “continually monitor their auditory environment to detect the phone owner's voice, discern what room or other setting the phone is in, or pick up other clues from background noise.” While the article fails to mention the nightmare privacy implications that this technology would engender, it focuses on the innumerable apparent benefits. The technology could, “make it possible for software to detect your moods, know when you are talking and not to disturb you, and perhaps someday keep a running record of everything you hear.” Not only would such technology prevent accidental pocket calls by recognizing muffled sounds, or put unnecessary calls on hold by recognizing the voice of its owner, it could also be used to “pinpoint the sources of your stress” if you are

talking too quickly, or “present relevant information” in relation to your audio environment (in other words bombard you with commercials). It sounds like Big Brother and invasive Minority Report-style advertising rolled into one. Chris Schmandt, director of the speech and mobility group at MIT's Media Lab, relates how “one of his grad students once recorded two years' worth of all the sounds he was exposed to-capturing every conversation. While the speech-to-text conversions were rough, they were good enough that he could perform a keyword search and recover the actual recording of a months-old conversation.” [Source: Info Wars]. □

## **E**x-NATO Chief: 15,000 Troops Should Stay In Afghanistan After 2014

America and its allies should immediately announce how many troops will stay on in Afghanistan after 2014, former NATO supreme commander Admiral James Stavridis argued. Stavridis, who recently finished a four-year stint as the alliance's top military leader, said it was vital to unveil the troop plans quickly to counter Taliban propaganda claiming foreign troops are abandoning the country. In a commentary, Stavridis wrote that he supported keeping 15,000 US and allied forces in the country after the bulk of coalition troops withdraw as planned in 2014. “I believe the

correct number is about 9,000 US and 6,000 allied troops, for a total of about 15,000 allied trainers who would focus on mentoring, training, and advising the 350,000 strong Afghan National Security Forces," Stavridis wrote in Foreign Policy. "Instead of waiting for months, we should move now to decide and publicly reveal the commitment," the admiral said. There are now roughly 100,000 troops in Afghanistan in the NATO-led coalition, with the Americans making up about two-thirds of the force. US officials have long suggested they expected to retain a smaller force of about 8,000 to 12,000 troops after 2014. [Source: Business Insider]. □

## France Proposes Extension of Muslim Headscarf Ban

France's official council promoting integration has struck a raw nerve by proposing that Muslim headscarves, already banned in the civil service and state-run schools, also be outlawed at the country's universities. The High Council for Integration, in a confidential report leaked to Le Monde Newspaper, said this was needed to counter problems caused by students wearing religious garb and demanding prayer space and special menus at universities. France's 2004 ban on headscarves in schools and 2010 ban on full face veils in public have alienated many of its five million Muslims. Rioting broke out in a Paris suburb last month after police checked identity papers of a

fully veiled woman. "This is one more step in the legal stigmatisation of Muslims," the March 15 Liberty Committee, a Muslim group opposed to the school headscarf ban, said on Tuesday. "The separation of church and state cannot be reduced, as some want it to be, to an arsenal of laws against Muslims." Several politicians also weighed in, warning a new ban could fan tensions between the Socialist government, which stands for a strong defence of France's official secularism, and Muslims who feel such laws are aimed at isolating and punishing them. "We have to find the right balance between the need for neutrality in the public sphere and the personal choice to express a religious conviction," said Herve Mariton, a deputy for the opposition UMP party. and you do not spill any sacred blood. So do not obey the one that orders you to kill your brothers, for Allah will ask you about the shedding of the pure blood by your hands, for how long will you wait?! Take the hand of the unjust and push him towards the truth; otherwise, be ready for Allah will strike your hearts together with those of the killers.

**Buddhists Flagrantly Attack Muslims in Sri Lanka**

attacked, even whilst the combined armed forces of the Muslim World stand at six million, whilst the forces of Sri Lanka are a mere three hundred thousand, a 20:1 ratio. And the nearest Muslim armed forces, Pakistan's armed forces, are seven hundred thousand strong with nuclear weapons. However in the time of the Khilafah, neither seas nor distance would save the oppressor from punishment. The armed forces of the Khilafah under the leadership of Muhammad bin Qasim were mobilized from the Persian Gulf, when the Muslims of India were attacked by the mushrikeen. They ended the oppression and replaced it by the light of Islamic rule. But today, the current rulers pour salt in the wounds of the Muslims, by condemning the attacks, whilst they have more than enough means to prevent Buddhists and others from merely touching Muslims!

Thus the oppression of the Muslims in Sri Lanka is a grave reminder of the dire need for the return of the Khilafah. And it serves as a motivation for the sincere in the armed forces to come forward and give the Nussrah for the return of the Khilafah, Insha Allah, to one of two good deeds- victory or martyrdom for the sake of Allah (swt). □

## The Chemical Attack in Syria!

We would like to say to our brethren in Ash-Sham to be warned of the plots of the colonial crusader western countries, and to be aware that they may try to fool you with their deceiving crocodile tears and may claim that they have love and sympathy for the victims of the American agent Bashar Al Assad, or that the French and British leaders, the inheritors of the evil colonialism which they enforced by the Sykes-Picot Accord, have any humanitarian feelings or justice.

Indeed, the Kufr states have unified against you, some will try to compromise in order to gain a large piece of the cake even if the result is the death of your sons and brothers. You must grasp onto the rope of Allah and be sure that victory is from Allah. You must preserve your revolution in its purity and clarity that started with the slogan, "It is for Allah, It is for Allah", and do not subject it to cheap deals and bargains at the negotiating tables at the Geneva Conference and the like.

We call upon you to stop all the agents who are promoting the poisons of a political solution that America and its agents are panting behind. And you have Egypt as a lesson and example for what took place. So do not accept for your Deen to be humiliated and do not accept anything less than the complete victory by raising the banner of Tawheed and win both worlds.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا لَا تَتَّخِذُوا بَطَانَةَ مَنْ دُونِكُمْ لَا يَأْلُونَكُمْ خَبَالًا وَدُّوا مَا عَنِتُّمْ قَدْ بَدَتِ الْبَغْضَاءُ مِنْ أَفْوَاهِهِمْ  
وَمَا تُخْفِي صُدُورُهُمْ أَكْبَرُ قَدْ بَيَّنَّا لَكُمُ الْآيَاتِ إِنْ كُنْتُمْ تَعْقِلُونَ﴾

**“O you who have believed, do not take as intimates those other than yourselves, for they will not spare you [any] ruin. They wish you would have hardship. Hatred has already appeared from their mouths, and what their breasts conceal is greater. We have certainly made clear to you the signs, if you will use reason.” [TMQ 3:118]□**

## Hundreds Killed during Eid ul-Fitr Holiday...

Aziz provided facilities for people to have safe and convenient travel. He made sure that there wasn't any poor road. Even one sheep life is guaranteed to be protected. He didn't leave one life killed because of poor road or transportation. It is because Umar bin Abdul Aziz and the Khilafah state he lead dedicate to implement the Shariah and to bring Rahmah to the universe, not a state that place profit and material advantages as the only objective.

It is time for people to realize that Indonesia and all over the world need the implementation of Shariah and the coming of Khilafah State.□

### Draft Constitution of the Khilafah State

**Article 24:** The Khalifah is the representative of the Ummah in exercising of the authority and in implementing of the Shari'ah.

**Article 25:** The Khilafah is a contract of choice and consent, so no one is compelled to accept it, and no one is compelled to choose the one who would undertake it.

**Article 26:** Every sane, adult Muslim, a male or a female, has the right to elect the leader of the State and to give him the pledge of allegiance; while the non-Muslims do not have such right.

**Article 27:** If the Khilafah is contracted to an individual by the pledge of those it is valid to be contracted with, the pledge of the remainder of the people is a pledge upon obedience and not a pledge of contracting; and so, any one who is seen to have the potential of rebellion is forced to give the pledge. □ [to be cont.]

#### How the Khilafah was Destroyed

by  
Abdul Qadeem Zallum

The fierce struggle between the Islamic thoughts and the Kufur thoughts, and between the Muslims and the Kuffar, has been intense ever since the dawn of Islam. When the Messenger of Allah (saw) was sent, the struggle was only an intellectual one, and was not associated with any material struggle. This status quo continued until the Islamic State was established in Madinah, whereupon the army and the authority were established and since then, the Messenger of Allah (saw) combined the material struggle with the intellectual struggle. The verses of Jihad were revealed and the struggle went on. It will continue in this way - a bloody struggle alongside the intellectual struggle until the Hour comes and Allah (swt) inherits the Earth and those on it. This is why Kufur is an enemy of Islam, and this is why the Kuffar will be the enemies of the Muslims as long as there is Islam

and Kufr in this world, Muslims and Kuffar, until all are resurrected. This is a decisive and a constant fact. Hence the understanding of it should remain clear to the Muslims at all times throughout the whole of their life, and it should be taken as a criterion to judge the relationships between Islam and Kufr and between the Muslims and the Kuffar.

The pure intellectual struggle continued for thirteen years. It was the harshest and most ferocious of struggles. Eventually the Islamic thoughts vanquished the Kufr thoughts, and Allah (swt) made Islam triumphant. The State that protects the honour of the Muslims and is the shield of Islam and spreads the guidance amongst people by way of Jihad, was established in Madinah lost the war and they were defeated by the Kuffar. Victory in the war was to the Kuffar against the Muslims. Although the victory of Kufr against Islam never materialised, neither intellectually nor spiritually, the shame and humiliation which befell the Muslims was beyond imagination. Thus, the era of the crusades, is considered an era of defeat for the Muslims, for despite their victory in the end against the crusaders with their expulsion from Al-Sham, they did not pursue the conquests and the wars with the disbelievers. No sooner had the crusades ended, the Mongols arrived, and the massacre of Baghdad took place. This setback was followed by the fall of Damascus at the hands of the Mongols in the same year, (656 AH, 1258 CE). Then came the battle of Ayn Jaloot on 3rd September 1260

where the Mongols were destroyed. In the wake of the destruction of the Mongols, the emotions of Jihad were aroused in the souls of the Muslims, and they sensed the need for a resumption of carrying the Da'awah to the world. Hence, the Muslim conquests of the Kuffar began once again, and Jihad against the Byzantines was resumed. Battles broke out and successive victories followed. It was around the seventh century of Hijrah when the Islamic Ummah resumed the conquests. The Islamic State was the leading nation and it continued to occupy the premier position for four centuries, until the mid 12th century AH. Then the industrial revolution in Europe emerged in a remarkable manner that had a profound impact on the states' powers. Muslims stood idle and confused by this revolution, hence the balance of power in the world changed and the Islamic state began its slide from the leading spot gradually, until eventually it became the coveted object of the greedy.

However unlike the first crusades, the new crusades were to be more than just a military invasion to defeat the Muslims and vanquish the Islamic State. The new crusades were more horrific and had more profound consequences. They were designed to uproot the Islamic State so that no trace of it would be left, and so that not one single root would be able to grow again. They were designed also to uproot Islam from the souls of the Muslims so that nothing could remain except a host of clerical rites and spiritual rituals. □
